1. PREAMBLE

- 1.1 The parties recognize that the goal of the University is the attainment of the highest possible standards of academic excellence in the pursuit and dissemination of knowledge, to be achieved principally through teaching, scholarship, research and public service. The parties have respect for and confidence in the collegial decision making processes described in this Agreement. The parties recognize the need for the successful operation of the University as a public institution of higher learning and pledge to cooperate within the purpose and scope of this Agreement and to encourage a climate of freedom, responsibility and mutual respect.

2. PURPOSE AND SCOPE

- 2.1 It is the purpose of this Agreement to promote harmonious relations between the Employer and employees and to facilitate the peaceful settlement of all disputes and grievances affecting the terms and conditions of employment. Both parties recognize that there may be matters which are not covered in this Agreement and agree to use the Joint Committee for the Management of the Agreement as the vehicle for resolving such matters.

3. MANAGEMENT RIGHTS

- 3.1 The Association recognizes the right of the Employer to plan, co-ordinate and direct its resources, assign duties and to manage the affairs of the University provided that all decisions and actions taken are not inconsistent with the provisions of this Agreement.
- 3.2 Concerning disputes that arise over matters that are within the bilateral jurisdiction of the Employer and the Association, absence of specific reference within the Collective Agreement shall not be interpreted to mean that either the Employer or the Association has a unilateral or superior right to determine what is the proper decision or course of action. The Joint Committee for the Management of the Agreement shall be used as the vehicle for resolving such disputes.
- 3.3 The waiver of any provisions of this Agreement or the breach of any of its provisions by any of the parties shall not constitute a precedent for any further waiver or for the enforcement of any further breach.

4. UNION RECOGNITION

- 4.1 This Agreement applies to all employees of the University of Saskatchewan covered by the order of the Saskatchewan Labour Relations Board certifying the Association, and by any subsequent orders amending that order issued up to the date of execution of this Agreement. The Employer recognizes the Association as the exclusive bargaining agent for the employees covered by the aforementioned certification in respect of terms and conditions of employment.

No arrangements shall be made hereafter with any employee which are inconsistent with the terms of this Agreement.

- 4.2 All employees who now are, or hereafter become, members of the union shall maintain their membership in the union as a condition of their employment, and every new employee whose employment commences hereafter shall, within 30 days after the commencement of employment, apply for and maintain membership in the union as a condition of employment, provided that any employee in the appropriate bargaining unit who is not required to maintain membership or apply for and maintain membership in the union shall, as a condition of employment, tender to the union the periodic dues uniformly required to be paid by the members of the union.

The Joint

Committee for the Management of the Agreement shall be used as the vehicle for resolving any disputes arising about these past practices.

6. ACADEMIC FREEDOM

- 6.1 The common good of society depends upon freedom in the search for knowledge and in its exposition. Academic freedom in teaching, scholarship and research at the University is essential to society. Accordingly, all employees, whether tenured or not and regardless of prescribed doctrine, are entitled to the exercise of their rights as citizens and to freedom in carrying out research and in publishing its results, freedom of discussion, freedom to teach the subject assigned in classes, freedom to criticize the University and the Association without suffering censorship or discipline. Academic freedom does not require neutrality on the part of the individual, but makes commitment possible. Academic freedom carries with it the duty to use that freedom in a manner consistent with the scholarly obligation to base teaching and research on an honest search for knowledge.
- 6.2 Employees shall not improperly represent themselves as speaking for the University.

7. NON-DISCRIMINATION

- 7.1 The parties recognize the value of diversity, equity and inclusion in the University community and are committed to ensuring equal opportunities for all employees. - 9.3 An employee who refuses to cross a picket line established by another certified bargaining agent in consequence of a strike shall not be in breach of this Agreement, and shall be subject to loss of pay but shall not be subject to any disciplinary action.
- 9.4 During a strike, employees shall not be denied access to University facilities by the Employer or the Association unless the University is officially declared to be closed. The Association agrees, in the event of the University's being closed, that it will not impede access to University facilities of other University employees engaged in the provision of essential services such as patient care, animal care, plant care, fire prevention, security, and operation of the heating plant. 10.9 Conflict of Interest.

10.9.1 The parties recognize that scrupulous avoidance of any real, potential, or perceived conflicts of interest on collegial committees is essential to the preservation of the integrity and credibility of collegial processes.

It is not possible to enumerate all of the situations which could be construed as conflicts of interest; however, for the purposes of interpreting Article 10.9, the following definitions shall apply:

Personal relationship means any relationship to persons of a faculty member's immediate family; any relationship of an intimate and/or financial and/or commercial nature either current or past; a student-supervisor relationship; or any other relationship that may give rise to a conflict of interest.

Conflict of interest means a conflict between a faculty member's duties and responsibilities with regard to collegial processes, and the faculty member's private, professional, business, or public interests.

There may be a real, perceived, or potential conflict of interest when the faculty member:

- (i) would receive professional or personal benefit resulting from a collegial process; or
- (ii) would have a direct or indirect financial interest in the outcome of a collegial process; or
- (iii) would benefit from a decision being made with respect to a person with whom the faculty member has a personal relationship.

The responsibility for identifying conflict of interest rests with the Employer, the committee, and individual faculty member.

Anyone on a collegial committee perceiving such a conflict should raise the issue before the committee prior to engaging in a collegial process. Faculty members should be aware when they have a conflict of interest with respect to the outcome of a collegial process and shall withdraw from participating in the decision when they realize they have a conflict, or when a committee calls it to their attention.

Anyone on a collegial committee who identifies a real, potential, or perceived conflict of interest shall, as soon as possible, and prior to consideration of any question of substance, raise the issue before the committee and declare the nature and extent of the conflict.

The committee shall determine whether a conflict of interest sufficient to compromise the integrity of the collegial process exists. No later than one week following the determination, faculty member(s) who dispute the determination may make a written appeal to the Provost or designate, who shall decide the matter.

A faculty member who has a conflict of interest shall:

- a) refrain from taking part in the collegial process; and
- b) refrain from voting on the matter.

Committees have the right to rule members ineligible to participate in collegial processes described in Article 13 (Appointments), Article 14 (Renewal of Probationary Appointments), Article 15 (Tenure), Article 16 (Promotion), Article 17 (Salary Review Procedures), Article 18 (Ranks and Salaries), and Article 20 (Sabbatical Leave).

- 10.10 Where any provision of this agreement provides for a collegial meeting in a department or college, participation by employees in such meeting shall be by personal attendance or by simultaneous audio and/or video technological means that provide for full collegial participation by all employees.

11. ASSIGNMENT OF DUTIES

In departmentalized Colleges, duties shall be assigned by the Department Head following initial consultation and discussion with the faculty member and after the overall details for assignments of duties within the unit has been shared and discussed at a meeting of the departmental faculty, subject to the approval of the Dean. In non-departmentalized Colleges and the Library, duties shall be assigned by the Dean following initial consultation and discussion with the faculty member and after the overall details for assignments of duties within the unit has been shared and discussed at a meeting of the College or Library faculty. Yearly assigned duties for Professors of Teaching shall be distributed as evenly as possible across the three terms. Either Spring Session or Summer Session, or an equivalent period during T1 or T2, shall be designated by the Department Head or Dean as a non-teaching session for each employee.

- 11.2.2 (i) No employee shall be required to teach during their non-teaching term or non-teaching session. Teaching classes during a non-teaching term or non-teaching session is rewarded with extra compensation in accordance with Article 18.5.1, unless the employee and the employee's Department Head or Dean, in accordance with the procedures specified in Article 11.1, mutually agree to reduce the employee's teaching load at other times during the year on a pro rata basis in lieu of extra compensation.
- (ii) With the exception of Instructors, Lecturers, and Professors of Teaching, no employee shall be required to teach during T3 more than once spanning a period of three consecutive academic years.
- (iii) No employee shall be required to teach off-campus, non-credit or outreach classes, unless employees in a particular department or College have been required to teach such classes as part of their assigned duties as a matter of past practice. When a core course for an academic program is administered through the Dean's office, a Department Head may assign teaching of the course outside of the employee's department. The Library shall be regarded as a non-departmentalized College for the purpose of this Article.
- 11.2.4 The assignment of teaching schedules shall take into consideration the priorities and integrity of academic programs, the constraints of the physical plant, and the individual preferences of employees.
- 11.2.5 The assignment of duties within the Library shall take account of the full range of responsibilities required for the effective functioning of the Library and the individual preferences of employees.
- 11.2.6 Hours of Work in Library. Subject to Article 11.4, employees may be required to work at specified times including evenings and weekends provided that, except in emergencies, they shall be given seven days notice of the work schedule.

- 11.3.3 Employees shall arrange their vacations with their Department Head or Dean, as the case may be, in accordance with the provisions of Article 19.
- 11.4 Fairness of Assignment of Duties. Duties shall be assigned equitably among employees of a department or a non-departmentalized College taking into consideration:
- (i) the full range of academic responsibilities of individual employees, including teaching, research, scholarly and/or artistic work, Library work, outreach work, administrative work, service to clinical programs, practice of professional skills, and public service and contributions to academic professional bodies and to the Association;

Guidelines shall be reviewed periodically or at the request of the Dean, and revised according to the same process.

11.5.2 Guidelines shall take into consideration the full range of academic work of employees. Each academic unit shall be responsible for identifying the activities under the following criteria:

- (i) The priorities and integrity of the academic programs of the unit;

- (iii) The employee's rank and designation of appointment (full time, part-time, limited term, without term, probationary, tenured, or clinical); and the range of work required for renewal of probation, tenure and promotion, and the changing distribution of workload over the careers of employees, including adjustments to teaching and service to support employees who are appointed while in the process of completing a terminal degree;

11.6 Grievance over Assignment of Duties. Assignment of duties is subject to the grievance procedures set forth in Article 27.

- 11.7 Failure to Perform Duties. Failure to perform duties is subject to the discipline procedures set forth in Article 31.

12. PERSONAL FILES

- 12.1 Data pertaining to the employment of an employee and necessary for the administration of this Agreement shall be placed in a personal file within the office of the employee's Dean; copies of the data contained in the personal file in the Dean's office may also be kept in department files and in the President's Office. In the case of medical reports provided in confidence by an employee's physician for the purpose of complying with the terms of the Academic Long Term Disability Plan, and in that case only, information regarding that employee shall be kept in a separate file in the Human Resources Division, and shall be accessible only to agents of the Employer for the purpose of administration of that plan. Any other requests for access to that information must be approved by the Joint Committee for the Management of the Agreement.

The Employer is responsible for assuring that the personal files within the Deans' offices have all of the relevant data. In particular, material in departmental and other files to be used in connection with renewal of probation, tenure, promotion or salary review shall be contained in the Dean's Office file. Employees are expected to cooperate with designated University officers engaged in the discharge of this responsibility.

- 12.1.1 No anonymous material, except approved course evaluations, shall be kept by the Employer concerning any employee. Approved course evaluations are those which (a) are approved for use by the faculty of a department (or College in the case of a non-departmentalized College) in committee within guidelines established by the College, and (b) are properly validated instruments of performance evaluation. Information from such course evaluations included in an employee's file shall be aggregated or summarized and shall exclude any anonymous remarks made by students.

An employee holding a probationary appointment may request that the Department Head, or Dean in a non-departmentalized college, review end-of-term student evaluations prior to the employee's review, and request removal of wholly inappropriate comments regarding the employee's religion, creed, marital status, family status, sex, gender identity (including gender expression and two spirit identity), sexual orientation, disability, age, colour, ancestry, nationality, place of origin, race or perceived race, or physical size or weight. Upon receipt of this request, the Department Head, Dean, or designate shall review the evaluations and request that the Vice-Provost Students and Learning have all such remarks removed.

- 12.2 Each employee shall have the right to reasonable access to the entire contents of the employee's own personal file, with the exception of confidential information, as defined in Article 12.3. An employee may authorize a representative of the Association to review the employee's file and summarize confidential information without revealing the source. The summary shall be reviewed and approved by the Dean or the Dean's designate prior to being released to the employee. Examination of the contents may take place only in the presence of the Dean or a person designated by the Dean for this purpose. An employee may not remove any of the contents of the employee's personal file.

- 12.3 In the case of personal files, confidential information means signed letters of reference and any other letter or document transmitted in confidence which the employee, the employee's Department Head, Dean or other agent of the Employer has solicited in writing. Unsolicited documents and letters containing a serious allegation, whether they are transmitted in confidence or not, may be put in an employee's personal file only if the allegation has been substantiated in accordance with the provisions of Articles 12.3.1, 12.3.2, 12.3.3, 12.3.4, and 12.3.5.

- 12.3.1 Inquiry Based Upon a Serious Allegation. If any document(s) or letter(s) containing a serious allegation of misconduct are received by a Department Head, they shall be transmitted to the Dean. When a Dean receives any document(s) or letter(s) containing a serious allegation of misconduct, the Dean shall undertake an inquiry, which shall include discussing the relevant facts or opinions with the employee. The employee may choose to be accompanied by a representative of the Association during such discussion with the Dean.

- 12.3.2 When an allegation is made against an employee, the Dean shall make the document(s) or letter(s) available to a representative of the Association. The Association representative may summarize the allegation for the employee, without revealing the source of any confidential letter or document to the employee. The summary shall be reviewed and approved by the Dean or the Dean's designate prior to being released to the employee.

- 12.3.3 Following the initial inquiry, the Dean shall:
- (i) Dismiss the allegation, or
 - (ii) Inform the employee of the outcome of the inquiry, and the option(s) for informal resolution, or
 - (iii) Inform the employee of the outcome of the inquiry and the decision to proceed with a formal investigation.
- 12.3.4 Formal Investigation. If the Dean determines that a formal investigation is warranted, the Dean shall investigate or direct the investigation in accordance with the following:
- (i) Where applicable, the investigation shall follow the procedures prescribed by university policy, and/or corresponding legislation.
 - (ii) All documentation pertaining to the allegation, including the identity of the complainant, shall be forwarded to the employee and the Association.
 - (iii) The employee shall be given an opportunity to respond to the allegation.
 - (iv) The Employer shall provide the Association with copies of any related correspondence with the employee.
 - (v) The employee and the Association shall be notified of the outcome of the investigation.
 - (vi) Upon request, the Employer will release a copy of the investigative report to the Association, subject to appropriate limitations.
- 12.3.5 If the allegation is substantiated, the document(s) or letter(s) may be placed in the employee's personal file normally within 90 days of the receipt of the document(s) or letter(s), provided that the employee is informed and permitted to file any explanation in rebuttal. The fact that the employee was so informed shall be noted in the file.
- 12.3.6 All documents or letters that contain substantiated allegations of misconduct shall be expunged from the personal files after five years.
- 12.3.7 Letters of instruction shall be added to the employee's personal file in accordance with the provisions of Article 30.2.
- Letters of instruction shall be expunged from the personal files after five years, providing no reprimand has been issued to the employee during the intervening period.
- 12.3.8 Letters of reprimand shall be added to the employee's personal file in accordance with the provisions of Article 31.2.
- Letters of reprimand shall be expunged from the personal files after five years, providing no further reprimand has been issued to the employee during the intervening period.
- 12.4 An employee shall have the right to request an inventory of the documents in the employee's own personal file. The inventory shall not identify the author nor the substance of any confidential material, but shall list confidential documents only by date, general subject, purpose for which solicited, and the person by whom it was solicited or whether it was unsolicited.
- 12.5 The employee shall have the right to have included in the employee's personal file the employee's written comments on the accuracy or the meaning of any of the contents of the personal file, and to add any relevant third party documents to the file.
- 12.6 All copies of personal file documents kept in department files pertaining to an employee who has been appointed Department Head shall be transferred to the Dean's office files prior to the faculty member taking office, and retained therein for the duration of the employee's term as head.
- 12.7 Employees, upon written request to the Dean, and at their own expense, may obtain copies of the documents to which they have the right of examination.
- 12.8 Confidential information contained in personal files shall be available, when relevant, to officers of the University and to those employees serving on designated committees who require it for purposes of

rendering decisions on matters such as appointment, renewal of probation, tenure award, promotion and salary review, suspension, and dismissal. Otherwise, no confidential information from an employee's personal file shall be made available except as authorized by this Agreement.

- 12.9 Any material in an employee's file which bears on a grievance in which the employee is involved as the aggrieved or the grieved against shall be made available to the Chair of the Association or the Chair's designate, a Grievance Officer and the Arbitrator. Any confidential items shall be clearly identified as transmitted in confidence.
- 12.10 When confidential information is to be used by the Employer or the Employer's agents in the course of proceedings under Article 31 of this Agreement, such confidential information, clearly identified as transmitted in confidence, shall be made available to the Chair of the Association or the Chair's designate, and a Grievance Officer.
- 12.11 Curriculum Vitae
- 12.11.1 On appointment, employees shall provide a curriculum vitae in the University standardized form to their Department Head or Dean. The curriculum vitae shall be in the format specified by the "Guidelines for the Preparation of a Standardized CV" as revised June 2013.
- 12.11.2 Curriculum vitae and curriculum vitae updates will form part of the contents of an employee's personal file. They shall be considered data according to Article 12.1.
- 12.11.3 Except at the request of the employee or with the employee's consent, a curriculum vitae may be released by the Employer only for the purposes of procedures and committees concerned with appointment, renewal of probation, tenure and continuing status, promotion, salary review, and sabbatical leave as outlined in the Collective Agreement, for consideration of honours and awards, or as legally required.
- 12.11.4 The information stored in the curriculum vitae may be used by the Employer for compilation of University, College and Department reports on research and scholarly work. Employees may choose to exclude particular information from appearing in public reports by notating the item(s) on their CV as "Exclude from Public Reports."
- 12.11.5 Subject to timelines and procedures as specified in Article 14.5.9, 15.11.10, 16.6, and 17.5.6 of the Collective Agreement, each employee shall submit to their Department Head or Dean each year Form 1, "New items (items not previously reported)" and Form 2, "Revision of items previously reported and considered". The employee's Department Head or Dean may make suggestions to the employee for additions to, deletions from, or amendments to the employee's curriculum vitae information. Responsibility for determining what shall be forwarded as the employee's curriculum vitae update is the employee's. On request the Employer will provide an employee with a copy of the employee's own stored curriculum vitae.
- 12.11.6 The employee will maintain an updated curriculum vitae with the Employer.
- 12.11.7 Reasonable allowance will be made for employees on leave.
- 12.11.8 Failure or refusal of an employee to maintain an updated curriculum vitae with the Employer or to correct errors in the employee's stored curriculum vitae shall not be introduced as evidence nor shall it be cause for discipline by the Employer under any proceeding initiated under Article 31 of the Collective Agreement.

13. APPOINTMENTS

- 13.1 Appointments to the Faculty. All appointments to the faculty, except Sessional Lecturers, are made by the Board in accordance with the procedures specified in this Agreement.

The ranks of Professor, Associate Professor, and Assistant Professor, may be designated:

- (iii) Clinical.

The rank of Special Lecturer may be designated:

13.1.2 Adjunct Professor. An adjunct professor is a faculty member appointed by the College of Graduate and Postdoctoral Studies on the recommendation of an academic unit to participate in graduate student supervision and instruction, and who receives no salary from the University.

13.1.3 Special Lecturers. The special lecturer rank is used for appointments made to accommodate the special requirements of the employee, the Employer, or both and for which the specific salary and other terms and conditions of employment have been approved by the Joint Committee for the Management of the Agreement. The Special Lecturer rank is in-scope of the Association. An appointment to the rank of Special Lecturer is a limited term appointment to which Article 13.3.3.1 applies. In exceptional circumstances, for reasons acceptable to the Joint Committee for Management of the Agreement, a Special Lecturer appointment may be extended to a term longer than 5 years. A Special Lecturer who enters a probationary appointment immediately or within three years after the cessation of the appointment as Special Lecturer shall have the length of the period of probation determined by the Joint Committee for the Management of the Agreement.

13.1.4 Instructor and Lecturer Appointments. The duties assigned to Instructors and Lecturers differ from the range of duties assigned to the professorial ranks. Instructors and Lecturers are considered teaching appointments and focus on the delivery of instruction in support of academic programs offered by academic units. A program of research is not included in assigned duties.

13.1.4.1 Instructors. The Instructor rank is for appointments where the instruction is associated with the practice of professional skills within a regulated profession. Instructors will normally be required to hold registration within a professional regulatory body, and normally will not hold advanced academic qualifications (masters, doctoral or equivalent post-graduate degrees).

13.1.4.2 Lecturers. The Lecturer rank is for appointments where the instruction requires advanced academic qualifications (masters, doctoral or equivalent post-graduate degrees).

13.1.5 Professors of Teaching. The Assistant Professor of Teaching, Associate Professor of Teaching, and Professor of Teaching ranks are used for appointments of faculty members whose roles are primarily and substantively focused on instruction and teaching in academic programs. Teaching responsibilities may include clinical instruction, clinical service and/or professional practice. Duties normally include limited research, scholarly, and/or artistic work, as well as service and/or administrative responsibilities. Duties may also include outreach, engagement, or public service.

No academic unit shall have more than 20% of probationary or tenured employees in the ranks of Professors of Teaching, unless mutually agreed upon by the parties at the Joint Committee for the Management of the Agreement.

The College of Dentistry, the College of Pharmacy and Nutrition, the School of Rehabilitation Sciences, the College of Nursing, and the Departments of Small Animal Clinical Sciences, Large Animal Clinical Sciences, Veterinary Pathology, and Psychology and Health Studies, shall have no more than 40% of probationary or tenured employees in the ranks of Professors of Teaching, unless mutually agreed upon by the parties at the Joint Committee for the Management of the Agreement.

The Ron & Jane Graham School of Professional Development shall not be subject to these limitations.

For the purpose of establishing the percentages used above, the number of probationary or tenured employees shall be as of July 1 of the academic year in which the designation is made.

13.2 Change in Status.

13.2.1 Full-Time to Part-Time Status. By mutual agreement between the Employer and the employee, the conditions of employment of a probationary, tenured, or without term employee, except for employees opting for the Reduced Appointment Retirement Plan, may be changed from a full-time to a part-time basis with a corresponding change in salary, provided the following conditions are met:

- (i) The change is approved according to Article 11.1. The employee's assigned duties, while requiring less than full-time employment according to the definition of part-time appointments, do require the employee to work on a basis of 50% or more of full-time.
- (ii) The change is for a defined period of time.
- (iii) The change is approved by the Provost and Vice-President Academic. In the event that the Provost and Vice-President Academic does not support the change in status, there shall be a meeting of the Appointments Forum according to Article 13.5.2.
- (iv) The employee shall retain probationary, tenured, or without term status and rank.
- (v) The change is approved by the Joint Committee for the Management of the Agreement.
- (vi) The Association will continue to negotiate terms and conditions of employment for those who have become part-time employees according to the provisions of this Article.

13.2.2 Part-Time to Full-Time Status. By mutual agreement between the Employer and the employee, the conditions of employment of a part-time probationary, tenured employee, or without term employees, except for employees on the Reduced Appointment Retirement Plan, may be changed from a part-time to a full-time basis with a corresponding change in salary, provided the following conditions are met:

- (i) The change is approved according to Article 11.1.
- (ii) The change is approved by the Search Committee and the Provost and Vice-President Academic. In the event that the Provost and Vice-President Academic does not support the change in status, there shall be a meeting of the Appointments Forum according to Article 13.5.2.
- (iii) The employee shall retain probationary, tenured, or without term status and rank.
- (iv) The change is approved by the Joint Committee for the Management of the Agreement.

13.3 Types of Appointment.

- 13.3.1 All full-time faculty appointments at the University shall be made under one of the following conditions:
- (i) for a limited term
 - (ii) without term
 - (iii) on probation
 - (iv) with tenure
 - (v) with continuing status
- 13.3.2 Probationary Appointments. Appointments to the rank of Assistant Professor, Associate Professor, Assistant Librarian, Associate Librarian, or Librarian are probationary unless otherwise specified (see Articles 13.3.2.3, 13.3.3, 13.3.4). The initial probationary period shall be for three years. A probationary appointment or renewal does not imply ultimate appointment with tenure. Initial appointments taking effect before November 1 shall be considered, for purposes of calculating the period of probationary service, to have been made from July 1 of that year. Initial appointments taking effect on or after November 1 shall be considered, for purposes of calculating the period of probationary service, to have been made from July 1 of the succeeding year. Service in a limited term or without term appointment shall qualify as probationary service under certain conditions, if the employee so elects (see Articles 13.3.3.2 and 13.7.3). The employee may elect to be considered for tenure in any year of the employee's probationary appointment. An employee may be promoted to a higher rank during the probationary period, but an employee so promoted shall complete the probationary period for the rank at which the employee was initially appointed. Continuity of probationary service shall not be interrupted by leave of absence from the University but the period of leave shall not count as qualifying service for tenure, except as provided for in Article 21.7.1.7.
- 13.3.2.1 Assistant Professor, Assistant Librarian or Associate Librarian. For an employee initially appointed as a full-time Assistant Professor, Assistant Librarian or Associate Librarian, renewal of the probationary period shall be considered in the third year of appointment. The appointment shall be terminated or renewed for an additional three-year probationary term. The employee must inform the Employer by June 15 whether the employee wishes to be considered for tenure in the next academic year. If the probationary period is not renewed or tenure is not awarded, the appointment shall terminate at the end of the academic year. In extenuating circumstances and with the approval of the Joint Committee for the Management of the Agreement, an employee may be permitted to serve one additional year of probationary service. The employee shall forward the request to extend probation because of extenuating circumstances to the Dean with a copy to the Department Head (in a departmentalized College), Vice-President Academic and Provost and to the Association by June 15. Under no circumstance shall years of probationary service exceed seven years, except as provided in Articles 14.9, 15.9.4(vii), 15.12(xvi), and 15.18(iv).
- 13.3.2.2 Associate Professor or Librarian. For an employee initially appointed as a probationary full-time Associate Professor or Librarian, renewal of the probationary period shall be considered in the third year of appointment. The appointment shall be terminated or renewed for an additional two-year probationary term. The employee must inform the Employer by June 15 whether the employee wishes to be considered for tenure in the next academic year. If the probationary period is not renewed or tenure is not awarded, the appointment shall terminate at the end of the academic year. In extenuating circumstances and with the approval of the Joint Committee for the Management of the Agreement, an employee may be permitted to serve one additional year of probationary service. The employee shall forward the request to extend probation because of extenuating circumstances to the Dean with a copy to the Department Head (in a departmentalized College), Vice-President Academic and Provost and to the Association by June 15. Under no circumstance shall the years of probationary service exceed six years, except as provided in Articles 14.9, 15.9.4(vii), 15.12(xvi), and 15.18(iv).
- 13.3.2.3 Appointment of Associate Professor or Librarian with Tenure. On the recommendation of the Search Committee and the Provost and Vice-President Academic, an employee initially appointed as an Associate Professor or Librarian may be appointed with tenure, in accordance with Article 13.3.5 if they have previously been awarded tenure at a comparable institution or have completed probationary service at a comparable institution equivalent to the minimum required at the University of Saskatchewan.
- 13.3.2.4 Professors. On the recommendation of the Search Committee and the Provost and Vice-President Academic, an employee initially appointed as a full-time Professor shall be appointed either with tenure, in accordance with Article 13.3.5, or for a period of probation not exceeding two years.
- 13.3.3 Limited Term Appointments. Appointments in accordance with Article 13.3.3.1 designated "with term" shall be for a limited term not exceeding five years, except as described for a Special Lecturer in Article 13.1.3. Limited term appointments are not tenurable.

13.3.3.1 Purpose of Limited Term Appointments. Limited term appointments are not a substitute for probationary appointments. They are made in the professorial, librarian, lecturer, or instructor ranks only where a position is not tenurable because:

- (i) it is a replacement for an employee on leave; or
- (ii) it is a replacement for an employee who is appointed to another position within the University but who retains a tenurable academic rank; or
- (iii) the appointment is funded from research grants, contracts, or similar sources; or
- (iv) a position is tenurable, but there has been inadequate opportunity to conduct a satisfactory search for an appointee; or
- (v) a search has failed to produce a candidate considered suitable for a probationary appointment; or
- (vi) funds, budgeted for part-time appointments, are combined.

The Association shall be informed of all such appointments, indicating whether they fall into category (i), (ii), (iii), (iv), (v), or (vi). The Association shall be informed of the source of funds under category (iii).

13.3.3.2 Length of Limited Term Appointments. The length of the employment period will be clearly stated in the letter of appointment from the President. No right to tenure inheres in any position designated limited term, but full-time service in a limited term appointment may be counted as qualifying service if the employee is subsequently appointed to a tenurable rank, subject to the provisions of Articles 13.1.3, 13.3.2, and 13.7.3. The maximum accumulated period for limited term appointments is five years, except as described for a Special Lecturer in Article 13.1.3.

Appointments of full-time faculty members for less than twelve months shall extend from the date of appointment to the end of the academic year, unless otherwise approved by the Joint Committee for the Management of the Agreement.

13.3.3.3 Termination of Limited Term Appointments. Because a limited term appointment automatically terminates on the last day of the stated term with no right of renewal, no reasons need be given for the decision not to reappoint and there shall be no right of grievance or appeal against the decision not to reappoint.

13.3.4 Appointments Without Term. These are academic appointments made when faculty status is deemed appropriate although the terms of the appointment and the duties are such as to make the granting of tenure or continuing status inappropriate. Appointments without term are not tenurable and are continued from year to year unless the appointee is given written notice of the termination of the appointment in accordance with Article 13.3.4.5.

No without term appointments shall be made to the professorial or librarian ranks within the bargaining unit without prior approval of the Association through the Joint Committee for the Management of the Agreement.

13.3.4.1 Purpose of Appointments Without Term. Appointments without term are not a substitute for probationary appointments. They are made only in cases where there is a significant reason which makes the granting of tenure or continuing status inappropriate. The reasons are:

- (i) salary paid from a research grant or similar source of funds;
- (ii) part-time employment with duties beyond those expected of a sessional lecturer;
- (iii) full-time instructional duties in the case of appointments to the instructor or lecturer ranks;
- (iv) significant non-academic duties;
- (v) concurrent self-employment or employment by another institution.

The Joint Committee for the Management of the Agreement may approve other reasons for without term appointments where the granting of tenure or continuing status is inappropriate.

- 13.3.4.2 Criteria for Appointments Without Term. The following criteria shall be observed for appointments "without term":
- (i) in the case of an appointment to a professorial rank, the appointee shall have an assigned teaching load which is at least one-third of that considered normal for the department or College;
 - (ii) the appointee shall have qualifications expected for such rank within the department or College;
 - (iii) the appointment shall be made within an academic department or College, and in accordance with normal appointment procedures for the rank.
- 13.3.4.3 Without Term Instructor and Lecturer Appointments. The number of without term Instructor and Lecturer appointments is limited to a combined total of 30. This maximum excludes university employees identified in the list provided to the Joint Committee for the Management of the Agreement, dated July 31, 2018. The employees on this list are excluded from the total of 30 new appointments only if they are appointed to the rank of without term Instructor or without term Lecturer prior to August 1, 2021.
- Appointments shall be made in accordance with the search and appointment procedures of Article 13. No appointments in excess of the new 30 without term appointments shall be made without prior approval of the Joint Committee for the Management of the Agreement.
- Full-time service in a without term Lecturer appointment may be counted as qualifying service if the employee is subsequently appointed to a tenurable rank, subject to the provisions of Articles 13.3.3 and 13.7.3.
- 13.3.4.4 Continuing Part-Time Appointments. A person appointed continuing part-time, without term, shall be a member of the bargaining unit provided the following conditions are met:
- (i) the appointment is made in accordance with Article 13.5 and is designated "continuing part-time";
 - (ii) the person's assigned duties, while requiring less than full-time employment do require the person to work on a basis of 50% or more of full-time;
 - (iii) the person's salary is funded from the University's operating budget;
 - (iv) the initial salary and any subsequent Career Development Increases or Special Increases awarded shall be prorated in the same ratio that the person's part-time duties to full-time duties are stated in the letter of appointment;
 - (v) the appointment is approved by the Joint Committee for the Management of the Agreement.
- 13.3.4.5 Termination of Without Term Appointments. An employee in a without term appointment shall receive a minimum twelve months written notice of the termination of their appointment and an additional one month's notice for every year of service greater than six years, up to a combined maximum of 24 months notice. For the purposes of this article, service shall mean accumulated time in limited term and without term appointments provided that it is continuous.
- At the Employer's discretion, notice may be given as working notice or salary in lieu of notice. Any appointee who has been given working notice may elect salary in lieu of notice. Normally, an employee who accepts salary in lieu of notice may not be employed by the University until the end of the notice period.
- In the event that the employee intends to resign, the employee shall give 90 days notice.
- 13.3.5 Appointments with Tenure. Appointments with tenure shall be made in accordance with Articles 13.3.2.3, 13.3.2.4, 13.7.2 and 15.7.2, when deemed appropriate by both the Search Committee and Provost and Vice-President Academic. In a departmentalized college, the Department Renewals and Tenure Committee shall submit to the Dean for transmission to the Provost and Vice-President Academic the department's recommendation for the award of tenure. In a non-departmentalized College, the College Renewals and Tenure Committee shall submit to the Provost and Vice-President Academic the College's recommendation for the award of tenure. The Provost and Vice-President Academic will submit to the President for transmission to the Board, the University's recommendation for the award of tenure on appointment. Except for the above, the Committee structure, procedures, powers and basis for the award of tenure shall be according to Article 15.

- 13.4 Advertising of Positions.
- 13.4.1 To attract a broad and diverse candidate pool, vacancies shall be advertised for at least six weeks prior to the final selection of candidates by the Search Committee. Advertisements shall appear in:
- (i) at least one national or international multi-disciplinary academic print or electronic outlet. For this purpose, *CAUT Bulletin* and *University Affairs* are recommended venues.
 - (ii) two or more academic discipline-specific print or electronic outlets, and
 - (iii) the University of Saskatchewan's Human Resources Web Page.
- 13.4.2 For limited term positions only, and when the authorization to recruit occurs less than three months prior to the start date of the appointment, the advertising period may be reduced to a minimum of two weeks. In these circumstances advertising outlets may be limited to those indicated in Articles 13.4.1(ii) and (iii).
- 13.4.3 In exceptional circumstances, the Provost and Vice-President Academic may waive the advertising requirements, and inform the Joint Committee for the Management of the Agreement of the nature of the exceptional circumstances that justified the waiver.
- 13.5 Procedures for Appointments. The appointment of faculty members who by virtue of their appointment come within the scope of the Certification Order shall be made in accordance with the following procedures.
- 13.5.1 Search Committee. There shall be a Search Committee established in each department and non-departmentalized College chaired by the Department Head or Dean whenever a vacancy in the academic staff exists. The Committee shall consist of all employees holding probationary, continuing status or tenured appointments in the department or College.
- 13.5.1.1 In departmentalized colleges, the Search Committee shall also include, as an observer, a Department Head from a cognate department. In non-departmentalized colleges, two members of the Search Committee shall be designated as members of the Appointments Forum (see Article 13.5.2).
- 13.5.1.2 Where there are fewer than five members of the department, the College Review Committee shall co-opt employees from cognate departments to bring the membership of the Committee up to a minimum of five. An employee on leave who is a member of the Committee may, if present, participate and vote in the meetings of the Committee. The quorum shall be a majority of eligible members and must never be less than five. Employees excluded because they are on leave or because of conflict of interest (Article 10.9) shall not be counted in order to determine the size of the Committee or the quorum. The Committee may delegate its work to a subcommittee provided that the Committee itself approves all recommendations.
- 13.5.1.3 A representative from the Association and a representative from the Office of the Vice-Provost Faculty Relations shall provide procedural oversight and advice to the Search Committee. Either party may choose to provide information in an alternative format in lieu of attending the meeting in person.
- 13.5.1.4 The Search Committee and the Department Head or Dean shall seek suitable candidates for the vacancy by means of advertising.
- 13.5.1.5 Prior to the interview, the Chair of the Search Committee and/or, if established, the Subcommittee of the Search Committee shall inform an Indigenous candidate, or candidate who engages in Indigenous research, scholarly, or artistic work; teaching; or practice of professional skills that they may choose an advocate who is knowledgeable of the applicant's expertise in and contributions to these fields. The role of the advocate is to advise, by meeting or providing a written or recorded submission, the Search Committee and/or the Subcommittee of the Search Committee prior to their deliberations. It is the responsibility of the candidate to name the advocate in advance of the initial meeting with the Search Committee and/or Subcommittee of the Search Committee so that the request may be accommodated.
- 13.5.1.6 The Committee shall review the academic credentials, scholarly work, teaching experience, letters of recommendation, and any other relevant information about the candidates for the position and subsequently vote by secret ballot on the question "Shall appointment be recommended?" Where the appointee requires hospital privileges to perform assigned duties, the Search Committee shall consult with a representative of the board of the health region prior to the vote.
- 13.5.1.7 No appointment shall be made without a positive recommendation from the Search Committee.

- 13.5.1.8 In departmentalized colleges, where the vote is positive, a recommendation for appointment, with the recorded vote, shall normally be forwarded within two days of the Search Committee vote to the Dean. If the Dean supports the recommendation for appointment, the Dean will forward it to the Provost and Vice-President Academic.
- 13.5.1.9 In non-departmentalized colleges, where the vote is positive, a recommendation for appointment, with the recorded vote, shall be forwarded by the Dean to the Provost and Vice-President Academic.
- 13.5.1.10 The Dean and the Provost and Vice-President Academic shall request and consider minority views, if any, from a Department or College Search Committee.
- 13.5.1.11 For a recommendation supported by the Dean and Provost and Vice-President Academic, the following procedures shall be observed:
- (i) The Dean shall send the recommendation, along with the recorded vote, to the Association and the Vice-Provost Faculty Relations Office in a form approved by the Joint Committee for the Management of the Agreement for that purpose;
 - (ii) The Provost and Vice-President Academic shall normally send a letter of offer of employment to the appointee within five days of authorizing the appointment.
- 13.5.1.12 In the event that the Dean does not support the recommendation of the Search Committee, the Dean shall meet with the Search Committee to discuss the recommendation. The Search Committee may reconsider the recommendation or require that it be forwarded to the Provost and Vice-President Academic.
- 13.5.1.13 The Provost and Vice-President Academic may reject, or refer back to the Search Committee for reconsideration, the recommendation of the Search Committee. In that event, the Provost and Vice-President Academic shall meet with the Search Committee to inform the Committee of the deliberations of the Appointments Forum.
- 13.5.1.14 Subcommittee of the Search Committee. When a subcommittee is formed, its composition and terms of reference shall be established by vote of the Search Committee each time there is a vacancy in the academic staff. The subcommittee shall have a majority of members of the Search Committee, unless otherwise approved by the Joint Committee for the Management of the Agreement. Search subcommittees shall be chaired by a member of the Search Committee. The subcommittee may include members of other departments and Colleges including affiliated and federated Colleges. In clinical departments and Colleges, the subcommittee may include members who participate in the delivery of clinical service but who are not full-time employees of the University. In those situations where it is not clear at the time of the search in which department or College the appointment will be made, the subcommittee's composition and terms of reference shall be established by the Department Heads and/or Deans of the departments and/or Colleges in which the employee might be expected to be appointed but shall include at least two representatives of the search committee of each such Department or College. In these situations, the subcommittee shall recommend the department or College in which the candidate is to be appointed.
- 13.5.1.15 Reporting on Employment Equity. In order to assist the University in measuring its progress toward achieving employment equity, Chairs of the Search Committees shall provide the following information for each search conducted in accordance with Article 13.1 on a form approved by the Joint Committee for the Management of the Agreement:
- (i) advertising and other recruiting efforts, including any measures taken to encourage applications from aboriginal people, persons with disabilities, visible minorities, and women;
 - (ii) the gender of the candidate recommended for each position and, if known, whether the candidate is aboriginal, visible minority, and/or disabled;
 - (iii) the number of male applicants and the number of female applicants;
 - (iv) the number of male applicants who are interviewed and the number of female applicants who are interviewed;
 - (v) a brief explanation if the short list contains no members who are female, aboriginal, visible minority, and/or disabled.

- 13.5.2 Appointments Forum. The purpose of the Appointments Forum is to review and discuss the conflicting views of the Search Committee, Dean and/or Provost and Vice-President Academic and evaluate alternatives prior to a final decision from the Provost and Vice-President Academic.

There shall be a meeting of the Appointments Forum whenever a final recommendation from a Search Committee is not supported by the Dean or Provost and Vice-President Academic, or upon the request of any member of the Forum.

- 13.5.2.1 The Appointments Forum in departmentalized colleges shall consist of the Vice-President Academic and Provost as Chair, the Dean, the Department Head, the cognate observer from the Search Committee, and an observer from the Association. In the case of non-departmentalized Colleges the Appointments Forum shall consist of the Provost and Vice-President Academic as Chair, the Dean, the two employees of the College designated by the Search Committee and an observer from the Association.

- 13.5.3 Letter of Appointment. After an appointment has been approved by the Provost and Vice-President Academic, the President or the President's designate shall send a letter offering an appointment to the candidate along with a copy of this agreement. Normally, the letter of appointment shall be sent within 5 days from the date the Provost and Vice-President Academic authorizes the appointment. The letter of appointment shall specify conditions of employment agreed upon by the Dean and Provost and Vice-President Academic, which shall in no case be inconsistent with the terms and conditions of this Agreement. Except in the case of a reappointment or in accordance with the processes set out in Article 18.2.6, an offer of employment cannot be made at a salary above the Career Development Increase ceiling for that rank according to Article 18.3.

The letter of appointment shall contain information as listed below:

- (i) salary, rank and designation, and Career Development Increase Count and, where relevant, Special Increase Count;
- (ii) department, College or other administrative unit to which the candidate is to be appointed;
- (iii) outline of duties of the appointment;
- (iv) type of appointment;
- (v) length of initial probationary appointment or length of term if a limited term appointment;
- (vi) date of appointment;
- (vii) any other terms and conditions of employment pertaining to the appointment;

The Employer shall provide a copy of the letter of appointment, and any accompanying documentation, to the Association at the time it is sent to the candidate. In addition to this agreement, the letter of appointment and any accompanying documentation constitute the entirety of the terms and conditions of each appointment. The letter of appointment may only be amended in accordance with Article 11.2.3. In the event that a letter of appointment is revised prior to acceptance by the candidate, the Employer shall provide the Association with a copy of the final letter of appointment.

- 13.6 Appointment of Department Heads and Assistant Deans. The procedures for appointing Department Heads and Assistant Deans shall be as specified in Article 13.5 for faculty members, with the following modifications.

13.6.1 Search Committee.

- (i) For appointment of Department Heads, the Search Committee shall be chaired by the Dean and shall include without term employees from the Department, and two Department heads from cognate departments as observers.
- (ii) For appointment of Assistant Deans, the Search Committee shall be chaired by the Dean and shall include a minimum of six probationary, tenured, continuing status and without term employees from the College as selected by the College Review Committee.
- (iii) For appointment of Assistant Deans in a non-departmentalized College, the Search Committee shall be chaired by the Dean and shall include a minimum of six probationary, tenured, continuing

status and without term employees from the College as selected by the College Renewals and Tenure Committee.

When the Search Committee deems it appropriate it may forward to the Provost and Vice-President Academic a recommendation to consider two candidates for the appointment of Department Head or Assistant Dean. The Provost and Vice-President Academic shall attend the initial meeting of the Search Committee to discuss the department's or College's needs, requests, obligations and opportunities.

- 13.6.2 Candidates for the headship or assistant deanship shall not be members of the Search Committee.
- 13.6.3 Appointments Forum. There shall be a meeting of the Appointments Forum whenever a final recommendation from a Search Committee is not supported by the Dean or Provost and Vice-President Academic, upon the request of any member of the Forum, or when more than one candidate is recommended by the Search Committee.
- 13.6.3.1 The Appointments Forum for Department Heads shall consist of the Vice-President Academic and Provost as Chair, the Dean, the two Search Committee observers from cognate departments, and an observer from the Association. In the case of Assistant Deans the Appointment Forum shall consist of the Vice-President Academic and Provost as Chair, the Dean, two Search Committee members designated by the Search Committee, and an observer from the Association.
- 13.6.3.2 The Provost and Vice-President Academic may refer back for reconsideration or reject a recommendation of a Search Committee and request a second nomination. If the Search Committee declines to reconsider its recommendation or to make a second nomination, the Provost and Vice-President Academic shall either accept the initial recommendation of the Search Committee or, after meeting with the Appointments Forum, appoint an acting Department Head or acting Assistant Dean for a term not exceeding one academic year. If the Search Committee declines to make an initial recommendation for a Department Head or an acting Department Head or an Assistant Dean or an acting Assistant Dean, the Provost and Vice-President Academic shall, after meeting with the Appointments Forum, appoint an acting Department Head or an acting Assistant Dean on the recommendation of the Dean for a term not exceeding one academic year.
- 13.6.3.3 Where the appointee will be head of a department in the College of Medicine providing clinical services, the Provost and Vice-President Academic shall consult with a representative of the board of the health region prior to authorizing an appointment.
- 13.6.4 Length of Appointment.
- (i) The initial appointment of a Department Head or Assistant Dean shall be for a term not to exceed five years. The appointment may be renewed, in accordance with the appointment procedures herein specified, for successive terms not exceeding three years each.
- (ii) If a Department Head or Assistant Dean takes a sabbatical leave or administrative leave during the initial appointment, the term of the appointment shall be extended by the length of the leave. If the Department Head or Assistant Dean takes a sabbatical leave or administrative leave during the period of reappointment, the term of the reappointment shall be extended by the length of the leave. The period of sabbatical or administrative leave will not be credited as qualifying service for a further leave.
- 13.6.5 Appointment of Acting Department Heads and Acting Assistant Deans. The procedures for appointing acting Department Heads and acting Assistant Deans shall be as specified in Articles 13.5 and 13.6, with the following modifications.
- 13.6.5.1 In cases where the appointment of an acting Department Head or acting Assistant Dean will be for a period of twelve months or less, there shall be no requirement to convene a joint meeting of the Provost and Vice-President Academic and the Search Committee.
- 13.6.5.2 There shall be no requirement to convene a meeting of the Search Committee when an acting Department Head or acting Assistant Dean is appointed to replace a Department Head or Assistant Dean for a period of six months or less. The Dean shall recommend an appointment to the Provost and Vice-President Academic. In all other cases, including consecutive appointments of acting Department Heads or acting Assistant Deans for six months or less, a meeting of the Search Committee will be held, and the recommendation of the Search Committee will be considered by the Provost and Vice-President Academic as specified in Article 13.6.3.
- 13.7 Reappointment.

- 13.7.1 Reappointment within the year. Continuous service for probationary purposes will not be interrupted by resignation when a faculty member is reappointed to a tenurable position effective before November 1 of the following academic year.
- 13.7.2 Reappointment within three years. A faculty member with tenure who resigns and is reappointed to a full-time academic position in the same department or non-departmentalized College within three years shall be reappointed with tenure.
- 13.7.3 Reappointment and Probationary Service. A faculty member on probation or holding a full-time limited term appointment or holding an appointment without term who resigns, or whose appointment terminates and who is reappointed to a tenurable position in the same department or non-departmentalized College within three years, may elect to have any or all of the prior service applied towards the probationary period on reappointment. A faculty member who has previously completed the maximum term may, nevertheless, be required by the Provost and Vice-President Academic to serve a probationary period of two years. This could result in a probationary period exceeding the maximum for the rank.
- 13.7.4 Reappointment of Limited Term Faculty Members. The reappointment of a faculty member who held a full-time limited term appointment and who is reappointed within three years to a full-time limited term appointment in the same department or non-departmentalized College shall require the approval of the Joint Committee for the Management of the Agreement.

The Association will be informed when an employee holding a limited term appointment is reappointed. All reappointments of full-time limited term employees will be for a twelve-month period or more unless a shorter term is approved by the Joint Committee for the Management of the Agreement.

13.8 Associate Members of Departments.

- 13.8.1 A faculty member or librarian with tenure or a probationary appointment in one department, College or the Library, or a person holding a permanent academic or professional appointment in the University, in a teaching hospital, or in an institution federated or affiliated with the University in accordance with *The University of Saskatchewan Act*, may be given an associate appointment in a department or College. The institution, College or department in which the permanent appointment is held is referred to as the principal unit and the College or department in which the associate membership is held is referred to as the secondary unit.

Examples of the purposes for which associate appointments are suitable are supervision of graduate students; graduate or undergraduate course delivery; clinical activities; research activities; outreach activities.

- 13.8.2 Faculty members so appointed shall have the title "Associate Member" in the secondary unit. The extent of participation of an associate member in the committees of the secondary unit shall be related to the purpose of the associate member's conjunct appointment. Work done in the secondary unit shall be considered in assignment of duties (Article 11), and in consideration of renewal of probation (Article 14), tenure (Article 15), promotion (Article 16), and salary review (Article 17).

13.8.3 Covering Agreement. To establish an associate membership:

- (i) the faculty member and the two heads or Deans concerned shall draft an agreement on the nature and extent of the faculty member's involvement with the secondary unit;
- (ii) the agreement shall be submitted for approval to the two units, and, if approved, shall be forwarded through the Dean(s) of the units concerned (including the Dean of Graduate and Postdoctoral Studies if graduate supervision is involved) to the Vice-President Academic and Provost for approval;
- (iii) after approval, the President shall inform the Associate Member, the Dean(s) and heads and shall provide the Association with the details of the agreement.

- 13.8.4 Any Associate Membership shall be made for a limited period, normally not less than 3 years or more than 5 years. An Associate Membership may be renewed on the initiation of the secondary unit and with the concurrence of the head of the principal unit and the Dean(s).

- 13.8.5 Associate Membership shall not in any way limit the employee's rights, privileges or responsibilities in the employee's principal unit, and shall not be inconsistent with any of the terms of this Agreement.

13.9 Joint Members of Academic Units.

13.9.1 A joint appointment reflects the active and substantial involvement of an employee in the academic activities in more than one unit. An employee with an academic appointment in one academic unit may be given a joint appointment in another academic unit. The academic unit in which the permanent appointment is held is referred to as the primary unit and the academic unit in which the joint appointment is held is referred to as the secondary unit. A primary characteristic of a joint appointment is the assignment of duties by both the primary and secondary units.

Examples of the purposes for which joint appointments are suitable are:

- (i) continuing involvement in supervision of graduate students;
- (ii) continuing delivery of a graduate or undergraduate course;
- (iii) continuing contribution to clinical activities;
- (iv) extensive involvement in research activities;
- (v) continuing involvement in the development of academic programs;
- (vi) continuing involvement in outreach activities.

13.9.2 Where a joint appointment in a secondary unit is anticipated, the provisions of Article 13.5.1.14 shall apply to the appointment process if it is not clear at the time of the search in which academic unit the appointment will be made. Once the primary and secondary units have been identified, the letter of appointment under Article 13.5.3 shall state the extent of the duties of the employee that will be assigned in each unit.

13.9.3 Employees so appointed shall have the title "Joint Member" in the secondary unit.

13.9.4 Covering Agreement.

13.9.4.1 When it is desired to establish a joint appointment, the employee and the two heads or Deans concerned shall draft an agreement on the nature and extent of the employee's involvement with the secondary unit and the extent to which the employee shall participate in its meetings or committees in order that work performed in both units is considered in the assignment of duties and the assessment of the employee in collegial processes. The employee may request the assistance of a representative of the Association in the drafting of the agreement. The following aspects shall be addressed in the agreement:

- (i) specification of the unit in which the employee is tenurable or tenured;
- (ii) mechanisms to ensure fairness in the assignment of duties in both units;
- (iii) mechanisms to ensure fairness in the assessment through the collegial processes (renewal of probation, tenure, promotion, salary review, and sabbatical leave entitlement);
- (iv) specification of the extent to which the joint member may participate in collegial processes other than those specified in the collective agreement in Articles 13, 14, 15, 16, and 17 in the secondary unit;
- (v) the length of the joint appointment if of limited term (13.9.4.4);
- (vi) mechanisms for ongoing consultation between the academic unit heads to ensure that any problems associated with the assignment of duties and assessment through the collegial processes may be addressed;
- (vii) mechanisms for the settlement of any disagreements that may arise in the assignment of duties and assessment through the collegial processes;

13.9.4.2 The agreement shall be submitted for approval to the two academic units, and, if approved, shall be forwarded through the Deans of the units concerned (including the Dean of Graduate and Postdoctoral Studies if graduate supervision is involved) to the Vice-President Academic and Provost for approval.

13.9.4.3 After approval, the Vice-President Academic and Provost shall provide a copy of the agreement to the joint member, the Dean(s) and heads, and the Association. The agreement may be modified with the

consent of the two academic unit heads and the joint member and shall be forwarded through the Deans of the units concerned (including the Dean of Graduate and Postdoctoral Studies if graduate supervision is involved) to the Vice-President Academic and Provost for approval. A copy of the modified agreement will be provided to the Association.

- 13.9.4.4 Except where made on the initial appointment, any joint appointment shall be made for a limited period, normally not less than 3 years or more than 5 years. Where made on appointment and subject to Article 13.9.4.1, the joint appointment agreement shall remain in effect unless the joint member or either head or Dean applies to terminate it. Application to terminate the joint appointment shall be forwarded through the Deans of the units concerned (including the Dean of Graduate and Postdoctoral Studies if graduate supervision is involved) to the Vice-President Academic and Provost for approval. Notice of the termination of a joint appointment agreement shall be provided to the Association. A joint appointment may be renewed on the initiation of the secondary unit and with the concurrence of the head of the primary unit, the Dean(s), and the joint member and with approval as per Article 13.9.4.2.
- 13.9.5 Committee Participation. Since a joint member does not have tenure in the secondary unit, a joint member may participate in the deliberations of the collegial committees referred to in Articles 13, 14, 15, or 16, in the secondary unit but shall not vote unless co-opted under the provisions of Articles 13.5.1.2, 15.8.1, 15.8.2, 16.3.1 or 16.3.2.
- 13.9.6 Joint appointment shall not in any way limit the employee's rights, privileges or responsibilities in the employee's primary unit, and shall not be inconsistent with any of the terms of this Agreement. Any disagreement that arises in respect of a joint appointment that cannot be resolved through the mechanisms specified in the agreement pursuant to Article 13.9.4.1 shall initially be referred to the Joint Committee for the Management of the Agreement for resolution.
- 13.10 Interpretation. Any disputes concerning the interpretation of these regulations and procedures on appointment that should arise in an individual case shall be resolved by agreement between the Employer and the Association.

14. RENEWAL OF PROBATIONARY APPOINTMENTS

- 14.1 Definition of Renewal. Each employee who holds a probationary appointment shall be considered for renewal during the final year of the initial probationary appointment unless considered for tenure. Employees who are considered for tenure are subject to the tenure regulations (Article 15).
- 14.2 Committees on Renewal. The structure and composition of the committees that consider renewal of probationary appointments shall be the same as the committees which consider the award of tenure (Article 15).
- 14.3 Powers of the Committees. The powers of the committees shall be the same as for the award of tenure (Article 15) except as follows:
- (i) College Renewals and Tenure Committees shall submit all their recommendations to the University Review Committee;
 - (ii) College Review Committees shall submit their negative recommendations to the University Review Committee and their positive recommendations to the President for transmission to the Board.
- 14.4 Standards of Performance. The categories to be considered for the renewal of a probationary appointment shall be the same as for the award of tenure. The standard of performance shall be satisfactory progress toward meeting the standards for the award of tenure across the majority of categories, one of which must include Teaching or Research/Practice of Professional Skills. For the denial of renewal, the case must be made that the candidate has failed to meet this standard. Renewal of a probationary appointment shall not be considered sufficient grounds for granting of tenure.
- 14.4.1 Communication of Standards. The approved criteria and standards of performance for renewal of a probationary appointment shall be communicated, in writing, to all probationary appointees at the time of their appointment.
- 14.5 Rules of Procedure.

- 14.5.1 Changes in Standards. Changes in criteria and standards of performance shall not be applied retroactively.
- 14.5.2 Advising Probationary Candidates. By May 31, the Department Head or Dean shall meet with each employee holding a probationary appointment in the department or non-departmentalized College, to discuss the employee's progress in meeting the approved departmental or College standards for the award of tenure. A written statement setting out the Department Head's or Dean's assessment, on a form uniquely used for this purpose, shall be transmitted in writing to the employee. This form shall be approved by the Joint Committee for the Management of the Agreement. If deficiencies are noted, the statement shall identify the relevant categories of the standards and shall suggest steps that the employee may take to rectify such perceived deficiencies. The employee shall be entitled to provide a written response to any statement made on the Progress Towards Tenure form within one week of the meeting with the Department Head or Dean. Given the formative nature of the process, the Progress Towards Tenure form and any written response from the employee shall not be used as evidence in meetings of the first level committee, either at the Department Renewals and Tenure Committee or the College Renewals and Tenure Committee. The Progress Towards Tenure form and any written response from the employee shall be admissible as evidence in reviews of negative decisions or appeals to the Renewals and Tenure Appeal Committee but shall not limit in any way the decisions of the review committees or renewals and tenure committees. Where an employee has a joint appointment or associate membership, the Department Head or Dean in the primary unit shall consult with the Department Head or Dean in the secondary unit and shall convey information received in that consultation to the employee and in the written statement.
- 14.5.3 Voting Procedures. The following voting procedures shall be used by department, College, and university committees that consider renewal of probationary appointments:
- (i) each member of a committee, including the chair, shall have one vote. Members may vote on a particular candidate only if they have taken part in the committee's deliberations on that candidate;
 - (ii) a quorum shall be two-thirds of the members of a committee taken to the nearest integer. Employees on leave or excluded because of conflict of interest shall not be counted in order to determine the size of a committee nor to determine if a meeting has a quorum. However, an employee on leave who is a member of a committee may, if present, participate and vote in the meetings of the committee.
 - (iii) the decision on renewal of a probationary appointment shall be by simple majority of the vote of those voting. The vote of any member abstaining shall not be counted in support of either the affirmative or negative view. A tie vote means that the motion is lost. The vote shall be taken in response to the question: "Shall renewal be recommended?";
 - (iv) any member of a committee who is of the immediate family of a candidate shall be disqualified from attending the deliberations of the committee concerning the case and from voting on the question;
 - (v) each committee shall have the right to rule a member ineligible to vote or to require the member's withdrawal from the deliberations of the committee if it considers a serious conflict of interest to exist;
 - (vi) employees shall withdraw as members of College or University Review Committees when these committees receive or review the recommendations of Department or College Committees of which they have been members.
- 14.5.4 Candidate to be Informed. A candidate shall be sent written notice of the disposition of a decision on the renewal of a probationary appointment, by the chair of the committee, within one week of the decision being made. If the decision is to deny renewal to the candidate, the advice shall include information on the candidate's right of appeal and of the procedure to be followed by the candidate in initiating an appeal.
- In addition, the candidate shall receive from the chair of that committee a written statement of reasons for the negative recommendation, including those of any subordinate committee or committees which the senior committee judges to be valid and relevant. The statement of reasons shall, by direct reference to those portions of the department's, College's, and/or University statements of standards, specify the standards that the candidate has failed to satisfy. The statement shall also include a summary of the substantive information considered in the candidate's case.
- 14.5.5 Review and Appeal in the Case of Denial of Renewal.

- (i) A candidate who is not recommended for renewal of a probationary appointment by a Department Renewals and Tenure Committee may make a written appeal which shall be considered by the College Review Committee. The candidate is entitled to appear before that body and to be accompanied by a colleague from the same College.
- (ii) A candidate who is not recommended for renewal of a probationary appointment by a College Renewals and Tenure Committee may make a written appeal which shall be considered by the University Review Committee. The candidate is entitled to appear before that body and to be accompanied by a colleague from the same College.
- (iii) A candidate who is not recommended for renewal of a probationary appointment by a College Review Committee which has received a positive recommendation from a Department Renewals and Tenure Committee may make a written appeal which shall be considered by the University Review Committee. The candidate is entitled to appear before that body and to be accompanied by a colleague from the same College.
- (iv) An indigenous candidate, or a candidate who engages in Indigenous research, scholarly, or artistic work; teaching; or practice of professional skills, may choose to be accompanied by an additional person who is knowledgeable of the candidate's expertise in and contributions to Indigenous research, scholarly, or artistic work; teaching; or practice of professional skills.
- (v) A candidate who is not recommended for renewal of a probationary appointment by the University Review Committee may appeal to the Renewals and Tenure Appeal Committee (See Article 15.8.5).
- (vi) There is no further appeal beyond the Renewals and Tenure Appeal Committee except for that permitted under the Grievance Procedure, Article 14.9.

14.5.6 Notice of Appeal. An employee entitled to appeal in accordance with the provisions of Article 14.5.5 is required to advise the chair of the appropriate committee of the intent to appeal. This notification shall be made within one week of the employee being advised of an appealable negative decision, or within two weeks of the closing date for the committee's consideration of the appeal (Article 14.5.9), whichever date occurs sooner. In the case of an appeal to the College Review Committee, the substance of the appeal shall be filed with the chair of the committee no later than one week before the closing date for committee consideration of the appeal. In the case of an appeal to the University Review Committee, the substance of the appeal shall be filed with the chair of the committee no later than three weeks before the closing date for committee consideration of the appeal. In the case of an appeal to the Renewals and Tenure Appeal Committee, the substance of the appeal shall be filed with the chair of the committee no later than two weeks before the closing date for committee consideration of the appeal.

14.5.7 Information and Committee Procedures.

- (i) A confidential file shall be kept of all information received and considered by each committee and a record shall be maintained of all decisions reached by each committee.
- (ii) It is the responsibility of the committee chair to gather information and documentation which the committee shall use when considering candidates for renewal of probationary appointments. This information should include, inter alia, data about the candidate's qualifications, scholarship and teaching, testimonials, proof of degrees, publications, class materials, and reports by peers who have seen the candidate teach. Student submissions are admissible if they are written expressions, prepared by individual students and signed, that give justification for their view. No anonymous material shall be introduced or considered except for student course evaluations which may be considered but only in accordance with Article 12.1.1. A candidate is entitled to request and receive from the chair of a committee a list of the items included in the documentation submitted to the committee for consideration of the candidate's case. If a candidate considers it necessary for a committee to have material additional to that mentioned above, which the chair collects, it is the responsibility of the candidate to obtain it and submit it to the chair. Where an employee has a joint appointment or associate membership, the Department Head or Dean in the primary unit shall consult with the Department Head or Dean in the secondary unit and gather information in writing in respect of the same matters.
- (iii) A candidate is entitled to make a written submission only, to that committee which first considers the candidate's case. In addition, a candidate not recommended for renewal of a probationary appointment is entitled to make a written appeal to, as well as to appear before, the review committee which received the negative recommendation in accordance with the provisions of Article 14.5.5.

- (iv) Any committee, at its discretion, may call witnesses, including members of subordinate committees who wish to be heard.
- (v) If errors of omission or of procedure are found in the proceedings of a department or College renewals and tenure committee or a College review committee, that committee shall be advised so that it may have an opportunity to respond. If further information is received by a College committee or the University Review Committee, that information shall be referred to the candidate (subject only to limitations in respect of confidentiality as defined in Article 12) and, at the Committee's discretion, to the Department or College Renewals and Tenure Committee, for comment. Any such comments shall be supplied to the candidate provided that the confidentiality of the information commented upon is preserved.
- (vi) The chair of a department or College renewals and tenure committee shall transmit to the College or University Review Committee the department's or the College's recommendations for the renewal of probationary appointments. This shall be done in writing and the numerical vote for each recommendation shall be recorded. A brief statement of the reasons for recommending or not recommending renewal and the summary of information on which these are based shall also be given. If asked to appear, the chair of a subordinate committee may choose to be accompanied by a colleague from the same College.
- (vii) In cases where recommendations are not unanimous at the department level, the College Review Committee shall ascertain minority views.
- (viii) Each committee shall determine its own operating procedures, provided they are consistent with the terms of this Agreement, and each candidate shall be informed by the chair of the appropriate committee, in writing, of any operating procedures not specified in this Agreement, before the candidate's case is considered. Where a committee is to consider more than one case in a given year, these procedures shall be applied uniformly.
- (ix) Appeal procedures shall be as provided in Article 15.12.

14.5.8 Reconsideration of Renewal. Neither a College Review Committee nor the University Review Committee shall ask any committee that has already made a renewal recommendation to reconsider the recommendation. However, any committee may reconsider its own decision until the date for transmitting its recommendations to a subsequent committee or to the President for transmission to the Board (see Article 14.5.9).

14.5.9 Dates. The following dates shall govern renewal of probationary appointment procedures:

No decision on renewal shall be set aside or reversed only because of a technical non-compliance with the dates and times established by this section.

- 14.6 Departments and Colleges. These renewal regulations and procedures are applicable to all departments and Colleges.
- 14.7 Interpretation. Any dispute arising from the interpretation of the above regulations and procedures on renewal in an individual case shall be resolved by agreement between the Employer and the Association.
- 14.8 Grievance in the Case of Non-Renewal of a Probationary Appointment. A grievance may be made in the case of the non-renewal of a probationary appointment only on four grounds:
 - (i) that proper procedures have not been followed; or
 - (ii) that the Academic Freedom Article (Article 6) has been violated; or
 - (iii) that the Non-Discrimination Article (Article 7) has been violated; or
 - (iv) that the Board has reversed a positive recommendation from either the College Review Committee or the University Review Committee or the Renewals and Tenure Appeal Committee.
- 14.9 Powers of the Arbitrator. The arbitrator shall have the power to prescribe such remedies as the arbitrator sees fit including the power to extend the candidate's probationary period by a reasonable length of time.

15. TENURE

- 15.1 Definition of Tenure. Tenure means the appointment of an employee to a permanent position on the academic staff of the University. Such appointment shall continue subject only to the provisions of Article 15.15.
- 15.2 Purpose of Tenure. Tenure is intended to guarantee academic freedom for the employee as described in Article 6. Tenure is not intended to protect the employee from the withholding of promotion in accordance with Article 16 or from reprimand, dismissal, or severance in accordance with Articles 29 and 31.
- 15.3 Authority to Award Tenure. Tenure is granted only by the Board acting in accordance with the provisions of this Agreement. The decision of the Board is final and there shall be no appeal within the University against the Board's decision other than resort to the Grievance Procedure as provided for in Article 15.17, Article 15.18, and Article 27 of the Agreement.
- 15.4 Tenable Positions. Tenure shall be awarded only to employees holding appointments in the ranks of Professor, Associate Professor, Assistant Professor, Assistant Librarian, Associate Librarian and Librarian. All tenured positions are held within departments or non-departmentalized Colleges, depending on the appointment held at the time of the award of tenure. Tenurable rank may be held in more than one department or College, but tenure shall be awarded only in one. If an employee's salary is equally divided between two or more departments or Colleges, the employee shall have the right to elect the one within which to be a candidate for tenure. Tenure shall not apply to offices such as Assistant Dean, Director or Department Head. However, an employee with tenure shall not relinquish faculty tenure upon receiving such an appointment.
- 15.5 Consideration of Tenure. Tenure may be considered in any year of the probationary period in accordance with Articles 13.3.2.1, 13.3.2.2, 13.3.2.3, or 13.3.2.4. If the candidate is denied tenure, the candidate's appointment shall terminate at the end of the academic year.

- 15.6 Transfer to Another Department or College. When a tenured employee seeks or voluntarily accepts a position in another department or College, the employee may be required to serve a probationary period for the rank of the new appointment, but shall retain tenure in the old department or College until tenure is granted in the new department or College.
- 15.7 Appointment to an Out-of-Scope Position.
- 15.7.1 A tenured employee who is appointed to a position excluded from the bargaining unit but who retains a tenurable academic rank shall on the termination or relinquishment of the out-of-scope appointment automatically revert to membership in the bargaining unit at the academic rank and seniority held and accumulated at the time of returning to the bargaining unit.
- 15.7.2 A candidate for appointment to a position excluded from the bargaining unit and who is also a candidate for tenure on appointment shall have tenure determined by the Department Renewals and Tenure Committee, or in the case of a non-departmentalized College by the College Renewals and Tenure Committee. The structure and procedure of the Department Renewals and Tenure Committee or the College Renewals and Tenure Committee and the basis for determining tenure on appointment for a candidate for a position excluded from the bargaining unit shall be the same as for the determination of tenure on appointment for a candidate within the bargaining unit (Article 13.3.5). Such determination shall be based on a review of academic considerations only. On the termination or relinquishment of the appointment, the appointee, if tenured, shall automatically revert to membership in the bargaining unit at the rank and seniority held and accumulated at the time of returning to the bargaining unit.
- 15.8 Committee Structure.
- 15.8.1 Department Renewals and Tenure Committee. Each department shall have a renewals and tenure committee made up of all the tenured members of the department with the Department Head as chair, except that the Department Renewals and Tenure Committee shall not include the Dean of the College, the Dean of Graduate and Postdoctoral Studies the Vice-President Academic and Provost, the President, or any person designated as chair of the University Review Committee. Where there are fewer than five tenured members of the department, the College Review Committee shall co-opt tenured faculty members from cognate departments to bring the membership of the Committee up to a minimum of five. A Department Head who is not tenured shall still chair the Department Renewals and Tenure Committee, except that when the Department Head's own case is considered the head shall be excluded from the proceedings of the Committee, in which case the Dean shall appoint the chair.
- 15.8.2 College Renewals and Tenure Committee. Each non-departmentalized College shall have a renewals and tenure committee consisting of all tenured members of the College with the Dean of the College as chair, except that the College Renewals and Tenure Committee shall not include the Dean of Graduate and Postdoctoral Studies, the Vice-President Academic and Provost, the President or any person designated as chair of the University Review Committee. Where there are fewer than five eligible members, excluding any on leave, the University Review Committee shall co-opt tenured faculty members from related Colleges to bring the membership of the Committee up to a minimum of five.
- 15.8.3 College Review Committee. Each departmentalized College shall have a review committee to consider all matters related to tenure and other matters specifically assigned to this committee in the Agreement. In establishing criteria and standards, the College Review Committee may consult with sub-committees representing cognate departments. The College Review Committee shall be made up of no fewer than six tenured members of the College plus the Dean who shall be chair. Employees shall be nominated by the Nominations Committee of their College and approved by the College with the length of their term specified so as to ensure a reasonable turnover of membership. Employees shall not serve on a College Review Committee if they have agreed to serve on the University Review Committee in that academic year.
- The College Nominations Committee shall strive to achieve representation from a wide range of disciplinary areas while also respecting the commitment to diversity (Article 7).
- 15.8.4 University Review Committee. The University shall have a review committee to consider tenure and other matters specifically assigned to this committee in the Agreement. The University Review Committee shall be made up of nine tenured or continuing employees plus the Vice-President Academic and Provost who shall be chair. The nine employees shall be nominated to this committee by the Nominations Committee of Council and approved by Council with the length of their term specified so as to ensure a reasonable turnover of membership. Employees shall not be nominated for membership if they have served on the University Review Committee in the previous three years or if they have agreed to serve on a College review committee in that academic year. In addition to those members

mentioned above, two nominees of the Association shall serve as observers on the University Review Committee with voice, but without vote.

The Nominations Committee of Council shall strive to achieve representation from a wide range of disciplinary areas while also respecting the commitment of diversity (Article 7).

15.8.5 Renewals and Tenure Appeal Committee.

15.8.5.1 The University shall establish an appeal committee to hear and determine the appeals of employees whose candidacy for tenure is not approved by the University Review Committee.

15.8.5.2 The committee shall consist of twelve tenured or continuing status faculty members: nine employees and three senior administrators, selected from amongst Associate Deans, Vice-Deans, Deans, Executive Directors, and/or vice-Provosts. Members will be selected by the Nominations Committee of Council and will serve a three year term. The Nominations Committee of Council shall strive to achieve representation from a wide range of disciplinary areas while also respecting the commitment to diversity (Article 7). Each year three new employees and one new senior administrator will be appointed to serve on the committee. Each year the chair of the committee shall be selected by mutual agreement between the Association and the Employer from amongst the committee members. Members may not serve as members of the University Review Committee during their term. A vacancy created by the resignation of a member will be filled by the Nominations Committee of Council for the remaining period of the term of that member.

15.8.5.3 Observers. One observer named by the Association and one named by the Employer shall be entitled to be present at all meetings held by the Renewals and Tenure Appeal Committee, with voice but without vote, provided that neither observer was a member of any committee which previously considered the case before the Renewals and Tenure Appeal Committee.

15.8.6 Advocate. An Indigenous candidate, or a candidate who engages in Indigenous research, scholarly, or artistic work; teaching; and/or practice of professional skills may choose an advocate who is knowledgeable of the candidate's expertise in and contributions to these fields. The candidate will name the advocate and up to two alternates along with other information provided in support of the candidate's own case (Article 15.11.10(iii)).

The role of the advocate is to advise, by meeting or providing a written or recorded submission, the Department Renewals and Tenure Committee (Article 15.8.1), the College Renewals and Tenure Committee (Article 15.8.2), the College Review Committee (Article 15.8.3), the University Review Committee (Article 15.8.4) and/or the Renewals and Tenure Appeal Committee (Article 15.8.5) prior to the consideration of the candidate's case.

15.9 Powers of Committees.

15.9.1 Department Renewals and Tenure Committee. In keeping with Article 15.10 the Department Renewals and Tenure Committee shall:

- (i) propose the criteria and standards of performance to be used in assessing employees for renewal of probation and tenure and submit these to the College Review Committee for approval;
- (ii) submit to the College Review Committee the department's recommendations for renewal of probation and the award of tenure.

15.9.2 College Renewals and Tenure Committee. In a non-departmentalized College, the powers of the College Renewals and Tenure Committee shall be the same as those of the Department Renewals and Tenure Committee described in Article 15.9.1. The College Renewals and Tenure Committee shall report directly to the University Review Committee.

15.9.3 College Review Committee. In keeping with Article 15.10 in a departmentalized College, the powers of the College Review Committee with respect to renewal of probation and tenure shall be:

- (i) to co-opt tenured employees to renewals and tenure committees where the membership is fewer than five;
- (ii) from time to time to require that departments review and revise standards of performance;
- (iii) to receive and review departmental criteria and standards of performance for renewal of probation and tenure and use them as the basis for formulating College criteria and standards. The College

Review Committee shall establish criteria and standards after receiving and reviewing standards from all departments. If a department does not develop standards within a reasonable time after being requested to do so by the College Review Committee, the College Review Committee may use the standards developed by the other departments in the college as the basis for formulating College criteria and standards;

- (iv) to submit the College's criteria and standards of performance for renewal of probation and tenure to the University Review Committee for approval;
- (v) to approve departmental criteria and standards of performance for renewal of probation and tenure if they are consistent with the criteria and standards of the College and the University. In the absence of approved Department standards the College standards shall apply;
- (vi) to review departmental recommendations for renewal of probation and tenure and approve them if they are not inconsistent with the criteria and standards of performance established by the Department and College;
- (vii) to review departmental recommendations against renewal of probation and award of tenure, receiving and considering a written appeal and hearing an oral presentation from the employee concerned, if that employee wishes to present such evidence in accordance with Article 14.5.5 or Article 15.11.6;
- (viii) to submit the College's positive recommendations for renewal of probation to the President for transmission to the Board; its negative recommendations for renewal of probation to the University Review Committee; all its recommendations concerning the award of tenure to the University Review Committee.

15.9.4 University Review Committee. The powers of the University Review Committee with respect to renewal of probation and tenure shall be:

- (i) from time to time require that departments and colleges review and revise standards of performance;
- (ii) to receive, review and approve College criteria and standards of performance for renewal of probation and tenure and use them as the basis for formulating University criteria and standards. The University Review Committee shall establish criteria and standards after receiving and reviewing standards from all Colleges. If a College does not develop standards within a reasonable time after being requested to do so by the University Review Committee, the University Review Committee may use the standards developed by the other Colleges in the University as the basis for formulating University criteria and standards. In the absence of approved College standards the University standards shall apply;
- (iii) to establish the University's criteria and standards of performance for renewal of probation and tenure;
- (iv) to communicate the University's criteria and standards for renewal of probation and tenure to the College Review Committees;
- (v) to review College recommendations for the renewal of probation from College renewal and tenure committees and all College recommendations for the award of tenure and approve them if they are not inconsistent with the standards of the Department, College, and University;
- (vi) to review College recommendations against renewal of probation and award of tenure, receiving and considering a written appeal and hearing an oral presentation from the employee concerned if that employee wishes to present such evidence in accordance with Article 14.5.5 or Article 15.11.6;
- (vii) if the appeal is unsuccessful, may recommend an extension of probation up to a maximum of two years notwithstanding the provisions of Article 13.3.2.1, 13.3.2.2, and 13.3.2.4. If the Renewals and Tenure Appeal Committee or the University Review Committee has previously extended an employee's probation, then an additional extension of probation is not permitted.
- (viii) to submit to the President for transmission to the Board its recommendations for renewal of probation and the award of tenure.

- 15.9.5 Renewals and Tenure Appeal Committee. For the powers and procedures of the Renewals and Tenure Appeal Committee see Article 15.12.
- 15.10 Basis for Tenure. It is accepted that the criteria for the award of tenure may differ from department to department and from College to College as a result of conditions that are internal and external to the University. In all cases, the University standards are the minimum acceptable standards of performance and must be considered under various categories, and within these categories different standards may be set by departments and Colleges in keeping with their own particular circumstances. Approved Department standards take precedence over College standards, and approved College standards take precedence over University Standards. Standards of performance shall be established in the following categories:
- (i) academic credentials (degrees, diplomas, professional qualifications, etc.);
 - (ii) teaching ability and performance where teaching is part of assigned duties;
 - (iii) knowledge of the discipline and field of specialization;
 - (iv) research, scholarly and/or artistic work;
 - (v) practice of professional skills, including clinical practice where service to clinical programs is a part of assigned duties;
 - (vi) contributions to the administrative or outreach responsibilities of the department, College, or University, or both;
 - (vii) public service and contributions to academic and professional bodies.
- Where applicable, units shall include Indigenous research, scholarly, or artistic work; teaching; or practice or professional skills in the categories listed above.
- 15.10.1 Communication of Standards. The approved criteria and standards of performance for tenure shall be communicated, in writing, to all probationary appointees at the time of their appointment.
- 15.10.2 Demonstration of Satisfactory Performance. A positive case shall be made that the candidate has performed the candidate's duties satisfactorily, according to approved criteria and standards, before tenure is granted. A failure to demonstrate unsatisfactory performance shall not be sufficient grounds for granting tenure.
- 15.11 Rules of Procedure.
- 15.11.1 Changes in Standards. Changes in criteria and standards of performance shall not be applied retroactively unless the candidate declares in writing to the Chair of the Renewals and Tenure Committee by August 1 (15.11.10(iii)) that the candidate elects to be assessed under criteria and standards of performance approved subsequent to the date of the candidate's appointment.
- 15.11.2 Advising Probationary Candidates. By May 31, the Department Head or Dean shall meet with each employee holding a probationary appointment in the department or non-departmentalized College, to discuss the employee's progress in meeting the approved departmental or College standards for the award of tenure. A written statement setting out the Department Head's or Dean's assessment, on a form uniquely used for this purpose, shall be transmitted to the employee. This form shall be approved by the Joint Committee for the Management of the Agreement. If deficiencies are noted, the statement shall identify the relevant categories of the standards and shall suggest steps that the employee may take to rectify such perceived deficiencies. The employee shall be entitled to provide a written response to any statement made on the Progress Towards Tenure form within one week of the meeting with Department Head or Dean. Given the formative nature of the process, the Progress Towards Tenure form and any written response from the employee shall not be used as evidence in meetings of the first level committee, either at the Department Renewals and Tenure Committee or the College Renewals and Tenure Committee. The Progress Towards Tenure form and any written response from the employee shall be admissible as evidence in reviews of negative decisions or appeals to the Renewals and Tenure Appeal Committee but shall not limit in any way the decisions of the review committees or renewals and tenure committees. Where an employee has a joint appointment or associate membership, the Department Head or Dean in the primary unit shall consult with the Department Head or Dean in the secondary unit and shall convey information received in that consultation the employee and in the written statement.

15.11.3 Voting Procedures. The following voting procedures shall be used by department, College and University committees that consider tenure cases (except for Renewals and Tenure Appeal Committees, as specified in 15.12):

- (i) each member of a committee, including the chair, shall have one vote. Members may vote on a particular candidate only if they have taken part in the committee's deliberations on that candidate;
- (ii) a quorum shall be two-thirds of the members of a committee taken to the nearest integer. Employees on leave or excluded because of conflict of interest shall not be counted in order to determine the size of committee if a meeting has a quorum. However, an employee on leave who is a member of a committee may, if present, participate and vote in the meetings of the committee.
- (iii) the decision on tenure shall be by simple majority of the vote of those voting. The vote of any member abstaining shall not be counted in support of either the affirmative or negative view. A tie vote means the motion is lost. The vote shall be taken in response to the question: "Shall tenure be recommended?";
- (iv) any member of a committee who is of the immediate family of a candidate for tenure shall be disqualified from attending the deliberations of the committee concerning the case and from voting on the question;
- (v) each committee shall have the right to rule a member ineligible to vote or to require a member to withdraw from the deliberations of the committee if it considers a serious conflict of interest to exist;
- (vi) a member of a College Renewals and Tenure or College Review Committee or a member or observer of the University Review Committee (including the chair) shall withdraw from the meeting when these Committees receive or review the recommendations of a Department Renewals and Tenure Committee, a College Renewals and Tenure Committee, or a College Review Committee which includes the member or observer. A quorum shall be present for each case considered.

15.11.4 Candidate to be Informed. A candidate shall be sent written notice of the disposition of a tenure decision, by the chair of the committee, within one week of the decision being made. If the decision is to deny tenure to the candidate, the advice shall include information on the candidate's right to withdraw in accordance with Article 15.11.5 and on the right of appeal and the procedure to be followed by the candidate in initiating an appeal.

In addition, the candidate shall receive from the chair of that committee a written statement of reasons for the negative recommendation, including those of any subordinate committee or committees which the senior committee judges to be valid and relevant. The statement of reasons shall, by direct reference to those portions of the department's, College's, and/or University statements of standards, specify the standards which the candidate has failed to satisfy. The statement shall also include a summary of the substantive information considered in the candidate's case.

15.11.5 Withdrawal. A candidate may withdraw from consideration for tenure at any point in the process up to one week following receipt of notification of the decision of the College Renewals and Tenure Committee or the College Review Committee. A candidate being considered in the final year of probation may not withdraw.

15.11.6 Review and Appeal in the Case of Denial of Tenure.

- (i) A candidate who is not recommended for tenure by a Department Renewals and Tenure Committee may make a written appeal which shall be considered by the College Review Committee; the candidate is entitled to appear before that body and to be accompanied by a colleague from the same College.
- (ii) A candidate who is not recommended for tenure by a College Renewals and Tenure Committee may make a written appeal which shall be considered by the University Review Committee; the candidate is entitled to appear before that body and to be accompanied by a colleague from the same College.
- (iii) A candidate who is not recommended for tenure by a College Review Committee which has received a positive recommendation from a Department Renewals and Tenure Committee may

make a written appeal which shall be considered by the University Review Committee; the candidate is entitled to appear before that body and to be accompanied by a colleague from the same College.

- (iv) A candidate who is not recommended for tenure by the University Review Committee may appeal to a Renewals and Tenure Appeal Committee (See Article 15.12).
- (v) There is no further appeal beyond the Renewals and Tenure Appeal Committee except for that permitted under the Grievance Procedure, Article 15.17.

15.11.7 Notice of Withdrawal or Appeal. An employee entitled to withdraw in accordance with Article 15.11.5 or appeal in accordance with the provisions of Article 15.11.6 is required to advise the chair of the appropriate committee of the intent to withdraw or appeal. This notification shall be made within one week of the employee being advised of an appealable negative decision, or within two weeks of the closing date for the committee's consideration of the appeal (Article 15.11.10), whichever date occurs sooner. In the case of an appeal to the College Review Committee, the substance of the appeal shall be filed with the chair of the committee no later than one week before the closing date for committee consideration of the appeal. In the case of an appeal to the University Review Committee, the substance of the appeal shall be filed with the chair of the committee no later than three weeks before the closing date for committee consideration of the appeal. In the case of an appeal to the Renewals and Tenure Appeal Committee, the substance of the appeal shall be filed with the chair of the committee no later than two weeks before the closing date for committee consideration of the appeal.

15.11.8 Information and Committee Procedures.

- (i) A confidential file shall be kept of all information received and considered by each tenure committee and a record shall be maintained of all decisions reached by each committee.
- (ii) It is the responsibility of the committee chair to gather information and documentation which the committee shall use when considering candidates for tenure. This information and documentation should include, inter alia, data about the candidate's qualifications, scholarship and teaching, testimonials, proof of degrees, publications, class materials, and reports by peers who have seen the candidate teach. Student submissions are admissible if they are written expressions, prepared by individual students and signed, that give justification for their view. No anonymous material shall be introduced or considered except for student course evaluations which may be considered but only in accordance with Article 12.1.1. A candidate is entitled to request and receive from the chair of a committee a list of the items included in the documentation submitted to the committee for consideration of the candidate's case. If a candidate considers it necessary for a committee to have material additional to that mentioned above, which the chair collects, it is the responsibility of the candidate to obtain it and submit it to the chair. Where an employee has a joint appointment or associate membership, the Department Head or Dean in the primary unit shall consult with the Department Head or Dean in the secondary unit and gather information in writing in respect of the same matters.
- (iii) A candidate for tenure is entitled to make a written submission only, to that committee which first considers the candidate's case. In addition, a candidate not recommended for tenure is entitled to make a written appeal to, as well as to appear before, the review committee which received the negative recommendation in accordance with the provisions of Article 15.11.6.
- (iv) Any committee, at its discretion, may call witnesses, including members of subordinate committees on tenure who wish to be heard.
- (v) If errors of omission or of procedure are found in the proceedings of a Department or College Renewals and Tenure Committee or a College Review Committee, that committee shall be advised so that it may have an opportunity to respond. If further information is received by a College Review Committee or the University Review Committee, that information shall be referred to the candidate (subject to limitations in respect of confidentiality as defined in Article 12) and, at the Committee's discretion, to the Department or College Renewals and Tenure Committee, for comment. Any such comments shall be supplied to the candidate provided that the confidentiality of the information commented upon is preserved.
- (vi) The chair of a Department or College Renewals and Tenure Committee shall transmit to the College or University Review Committee the department's or College's recommendations for the award of tenure. This shall be done in writing and the numerical vote for each recommendation shall be recorded. A brief statement of the reasons for recommending or not recommending tenure and the summary of information on which these are based shall also be given. If asked

to appear, the chair of a subordinate committee may choose to be accompanied by a colleague from the same College. The chair of a Department or College Renewals and Tenure Committee shall make available to any member of the Committee, on request, the recommendations the chair intends to send to the College or University Review Committee.

- (vii) In cases where recommendations are not unanimous at the department or College level, the College Review Committee or the University Review Committee shall ascertain minority views.
- (viii) Each committee shall determine its own operating procedures, provided they are consistent with the terms of this Agreement, and each candidate shall be informed by the chair of the appropriate committee, in writing, of any operating procedures not specified in this Agreement, before the candidate's case is considered. Where a committee is to consider more than one case in a given year, these procedures shall be applied uniformly.

15.11.9 Reconsideration of Tenure. Neither a College Review Committee nor the University Review Committee shall ask any committee that has already made a tenure recommendation to reconsider that recommendation. However, any committee may reconsider its own decision until the date for transmitting its recommendations to a subsequent committee or to the President for transmission to the Board (see Article 15.11.10).

15.11.10 Dates. The following dates shall govern tenure procedures:

No decision on tenure shall be set aside or reversed only because of technical non-compliance with the dates and times established by this section.

15.11.11 In the event the Board receives a positive recommendation from the University Review Committee or the Renewals and Tenure Appeal Committee that requires clarification before the award of tenure, the Board will meet with the Appellant accompanied by a representative from the Association and will afford the Appellant an opportunity to present their case.

The Nominations Committee of Council shall strive to achieve representation from a wide range of disciplinary areas while also respecting the commitment to diversity (Article 7).
- Members of the Appeal Panel shall not serve on more than one of the committees hearing appeals promotion (Article 16.3.5), sabbatical leaves (Article 20.3) or salary review (Article 17.3.5).

16.5 Rules of Procedure.

16.5.1 Advising Candidates for Promotion. By May 31, the Department Head or Dean shall meet with each employee in the department or non-departmentalized College to discuss the employee's progress in meeting the approved departmental or College standards for promotion. A written statement setting out the Department Head's or Dean's assessment, on a form uniquely used for this purpose, shall be transmitted to the employee. This form shall be approved by the Joint Committee for the Management of the Agreement. If deficiencies are noted, the statement shall identify the relevant categories of the standards and shall suggest steps that the employee may take to rectify such perceived deficiencies. The employee shall be entitled to provide a written response to any statement made on the Progress Towards Promotion form within one week of the meeting with Department Head or Dean. Given the formative nature of the process, the Progress Towards Promotion form and any written response from the employee shall not be used as evidence in meetings of the first level committee, either at the Department Promotions Committee or the College Promotions Committee. The Progress Towards Promotion form and any written response from the employee shall be admissible as evidence in reviews of negative decisions or appeals to the Promotions Appeal Committee but shall not limit in any way the decisions of the review committees or appeal committees. Where an employee has a joint appointment or associate membership, the Department Head or Dean in the primary unit shall consult with the Department Head or Dean in the secondary unit and shall convey information received in that consultation to the employee and in the written statement.

16.5.2 Voting Procedures. The following voting procedures shall be used by committees subordinate to the Promotions Appeal Committee:

- (i) each member of the committee, including the chair shall have one vote. Members may vote on a particular candidate only if they have taken part in the committee's deliberations on that candidate;
- (ii) a quorum shall be two-thirds of the members of a promotions committee taken to the nearest integer. Employees on leave or excluded because of conflict of interest shall not be counted in order to determine the size of a committee nor to determine if a meeting has a quorum. However, an employee on leave who is a member of a committee may, if present, participate and vote in the meetings of the committee;

- (iii) the decision on promotion shall be by simple majority of the vote of those voting. The vote of any member abstaining shall not be counted in support of either the affirmative or negative view. A tie vote means the motion is lost. The vote shall be taken in response to the question: "Shall promotion be recommended?";
- (iv) any member of a promotions committee who is of the immediate family of a candidate for promotion shall be disqualified from attending the deliberations of the committee concerning the case and from voting on the question;
- (v) each promotion committee shall have the right to rule a member ineligible to vote or to require a member to withdraw from the deliberations of the committee if it considers a serious conflict of interest to exist;
- (vi) a member of a College Review Committee or a member or observer of the University Review Committee (including the chair) shall withdraw from the meeting when these Committees receive or review the recommendations of a Department Promotions Committee or a College Promotions Committee or a College Review Committee which includes the member or observer. A quorum of those eligible to vote shall be present for each case considered.

16.5.3 Candidate to be Informed. A candidate shall be sent written notice of the disposition of a promotion decision, by the chair of the committee, within one week of the decision being made. If the decision is to deny promotion, the advice shall include information on the candidate's right of appeal and the procedure to be followed by the candidate in initiating an appeal.

In addition, the candidate shall receive from the chair of that committee a written statement of the reasons for the negative recommendation, including those of any subordinate committee or committees which the senior committee judges to be valid and relevant. The statement of reasons shall, by direct reference to those portions of the department's, College's, and/or University statements of standards, specify the standards which the candidate has failed to satisfy. The statement shall also include a summary of the substantive information considered in the candidate's case.

16.5.4 Review and Appeal in the Case of Denial. A candidate who is not recommended for promotion by a Department Promotions Committee is entitled to withdraw or make a written appeal to the College Review Committee, and a candidate who is not recommended for promotion to the ranks of Professor or Librarian by a College Promotions Committee or a College Review Committee is entitled to withdraw or make a written appeal to the University Review Committee. Employees not recommended for other promotions by the appropriate College committee are entitled to appeal to the Promotions Appeal Committee. Employees not recommended for promotion by the University Review Committee are entitled to appeal to the Promotions Appeal Committee. Only written statements shall be admissible as evidence before the College Review Committee or the University Review Committee except as provided in Article 16.4.4 (vii).

16.5.5 Notice of Withdrawal or Appeal. An employee entitled to withdraw or appeal in accordance with the provisions of Article 16.5.4 is required to advise the chair of the appropriate committee of the employee's intention. This notification shall be made within one week of the employee being advised of an appealable negative decision, or within two weeks of the closing date for the committee's consideration of the appeal (Article 16.6), whichever date occurs sooner. In the case of an appeal to the College Review Committee, the substance of the appeal shall be filed with the chair of the committee no later than one week before the closing date for committee consideration of the appeal. In the case of an appeal to the University Review Committee or the Promotions Appeal Committee, the substance of the appeal shall be filed with the chair of the committee no later than two weeks before the closing date for committee consideration of the appeal.

16.5.6 Information and Committee Procedures. The following regulations shall govern the preparation, recording, and admissibility of information for promotions committees:

- (i) a confidential file shall be kept of all information received and considered by each promotions committee, and a record shall be maintained of all decisions reached by each committee;
- (ii) it is the responsibility of the committee chair to gather information and documentation which the committee shall use when considering candidates for promotion. This information and documentation should include, inter alia, data about the candidate's qualifications, scholarship and teaching, testimonials, proof of degrees, publications, class materials, and reports by peers who have seen the candidate teach. Student submissions are admissible if they are written expressions, prepared by individual students and signed, that give justification for their view. No anonymous material shall be introduced or considered except for student course evaluations

which may be considered but only in accordance with Article 12.1.1. A candidate is entitled to request and receive from the chair of a committee a list of the items included in the documentation submitted to the committee for consideration of the candidate's case. If a candidate considers it necessary for a committee to have material additional to that mentioned above, which the chair collects, it is the responsibility of the candidate to obtain it and submit it to the chair. Special Library skills and teaching, where teaching is part of assigned duties, shall be criteria when considering promotion of librarians and reports by peers who have worked with the candidate may be included. Where an employee has a joint appointment or associate membership, the Department Head or Dean in the primary unit shall consult with the Department Head or Dean in the secondary unit and gather information in writing in respect of the same matters;

- (iii) a candidate for promotion is entitled to make a written submission to the committee which first considers the candidate's case. In addition, if the candidate is not recommended for promotion, the candidate is entitled to make a written appeal in accordance with Article 16.5.4;
- (iv) the chair and members of subordinate review committees are entitled to introduce only written information to each committee which reviews their decisions, except as provided in Article 16.4.4 (vii) and except for the Promotions Appeal Committee where they have the right to appear before the committee;
- (v) if errors of omission or of procedures are found in the proceedings of a Department or College Promotions Committee or a College Review Committee, that committee shall be so advised so that it may have an opportunity to respond. If new or additional information relevant to the time period being reviewed is received by a superior committee, that information shall be referred to the candidate (subject to the limitations in respect of confidentiality as defined in Article 12) and, at the Committee's discretion, to the relevant subordinate committee, so that it may have an opportunity to respond. Any such response shall be supplied to the candidate provided that the confidentiality of the information commented upon is preserved;
- (vi) in cases where recommendations are not unanimous at the department or College level, the College Review Committee or the University Review Committee shall ascertain minority views;
- (vii) each committee shall determine its own operating procedures, provided they are consistent with the terms of this Agreement, and each candidate shall be informed by the chair of the appropriate committee, in writing, of any operating procedures not specified in this Agreement, before the candidate's case is considered. Where a committee is to consider more than one case in a given year, these procedures shall be applied uniformly.

16.5.7 Reconsideration of Promotion. Neither a College Review Committee nor the University Review Committee shall ask any committee that has already made a promotions recommendation to reconsider that recommendation. However, any committee may reconsider its own decision until the date for transmitting its recommendation to a subsequent committee or to the President for transmission to the Board (see Article 16.6).

16.5.8 The Promotions Appeal Committee shall follow the same procedures as the Tenure Appeal Committee, as specified in Article 15.

16.6 Dates. The following dates shall apply to promotions cases:

- 17.1 Types of Salary Actions. In addition to the salary scale adjustment, each employee may be eligible for one of the following types of salary actions each year as appropriate:
 - (i) awarding a Career Development Increase or part thereof;
 - (ii) awarding a Special Increase in accordance with Article 18.2.4.1;
 - (iii) awarding a combination of (i) and (ii);
 - (iv) withholding a Career Development Increase.
- 17.1.1 Awarding of Career Development Increases. Career Development Increases are given in recognition of added experience, ability and scope of responsibilities. They are granted to all employees whose duties are performed at a level of competence acceptable for each rank and who are eligible according to Article 18. A Career Development Increase may be withheld only in accordance with the procedures of Article 31 and the provisions of Article 18.7.
- 17.1.2 In situations where appointments are made at a date other than July 1, entitlement to a Career Development Increase in the succeeding year shall be established as follows:
 - (i) appointments effective between July 1 and October 1 shall not diminish an employee's entitlement to a Career Development Increase;
 - (ii) appointments effective after October 1 shall diminish entitlement to a Career Development Increase by prorating it on the basis of the number of months by which the effective date of appointment precedes July 1 divided by twelve. For this purpose partial months will be treated as full months.
- 17.1.3 Awarding of Special Increases. A Special Increase may be awarded to an employee who has demonstrated excellence in one or more of the categories described in Article 17.2. A Special Increase may be based on accumulated performance over a period of years which, when regarded altogether, may merit a Special Increase. The award of Special Increases must take into account the variability of an employee's assignment of duties (Article 11) across employees in the academic unit.

- 17.1.3.1 Evaluation will be based on information provided by each employee as documented in a current CV update and in accordance with applicable standards for the award of Special Increases and Article 17.5.6 (ii).
- 17.1.3.2 Consideration for promotion shall not prejudice consideration for a Special Increase.
- 17.2 Basis for the Award of Special Increases. It is accepted that the criteria for the award of special increases may differ from Department to Department and from College to College as a result of unique aspects or expectations of the discipline that may be internal and/or external to the University. Standards for the award of Special Increases shall be established in accordance with the following provisions and the provisions of Article 17.3.
- Standards of performance for the award of Special Increases shall take into account variability in the assignment of duties across employees in the academic unit.
- 17.2.1 Teaching. A Special Increase may be awarded to an employee for excellence in teaching.
- 17.2.2 Research and Scholarly Work. A Special Increase may be awarded to an employee for excellence in the following types of research and scholarly work:
- (i) Publication. Publication, or receipt of a letter accepting a finished manuscript for publication, are grounds for recommending an employee for a Special Increase. The size of the Special Increase should reflect the amount of time necessary to produce the publication, as well as the academic merit of the work.
 - (ii) Unpublished Work. Unpublished research or scholarly work are grounds for recommending an employee for a Special Increase if it is established that the work has academic merit and that there is no appropriate publication outlet for a particular subject matter, or that the work is of a kind that may not normally lead to peer-reviewed publication, such as engineering design; software; patentable inventions; or impactful community engaged research, scholarly, or artistic work.
 - (iii) Artistic Work. Artistic creations and performances are grounds for recommending an employee for a Special Increase, where this is appropriate to a discipline.
- 17.2.3 Practice of Professional Skills. A Special Increase may be awarded to an employee for excellence in the practice of professional skills.
- 17.2.4 Extra University Work and Public Service. A Special Increase may be awarded to an employee for excellence in outreach and engagement, clinical service, committee work, or public service, provided the following criteria are met:
- (i) the work is outside of the assigned duties of the employee, as specified in the employee's letter of appointment or by past practice. Employees in clinical departments would not merit a Special Increase for their assigned outreach or clinical work within this category;
 - (ii) the work is not done for extra pay that is more than a nominal fee. An employee who is paid more than a nominal fee to do extra work by government or a public agency would not normally satisfy this criterion.
- 17.2.5 Administrative Work. A Special Increase may be awarded to an employee with administrative duties, other than duties associated with a Department Head or Assistant Dean.
- 17.2.6 Administrative Service as a Department Head or Assistant Dean. A Special Increase may be awarded to a Department Head or Assistant Dean for administrative service as a reward for excellence in serving the department, or College.
- 17.2.7 Improvement in Academic Qualifications. A Special Increase may be awarded to an employee who has improved their academic qualifications by completing a degree, course of study, or similar program.
- 17.2.8 Offer of Employment from a Comparable Institution. A Special Increase may be awarded to an employee who has received an offer of employment from a comparable institution. Such an offer normally would be in writing.

- 17.2.9 Performance of the Full Range of Assigned Duties. A Special Increase may be awarded to an employee when excellence in performance of assigned duties has been demonstrated through the combination of two or more categories listed above.

18.4 Payment of Salaries.

18.4.1 Employees shall be paid salaries in accordance with the Ranks (Article 18.1), the Schedule of Salaries (Article 18.3), Overload Remuneration (Article 18.5), and Administrative Remuneration (Article 18.8).

18.4.2 Salaries shall be paid by cheque during the month they have been earned or, if authorized, directly into the employee's account at any bank, credit union, or other financial institution, according to a list of such institutions that has been agreed to jointly by the Employer and the Association.

18.4.3 Notwithstanding Article 18.4.2, certain special academic assignments such as overload teaching, or for other extraordinary teaching or non-teaching assignments, by agreement between the Employer and the Association, may be paid according to an arrangement other than monthly payments, but in any case shall be paid in full on completion of such teaching or other academic assignments.

18.4.4 Each employee shall be provided with an itemized statement of salary, supplementary pay, and deductions at least once a year and at such other times as there is a change in the employee's salary, supplementary pay, or deductions.

18.5 Overload Remuneration.

18.5.1 The assignment to teach classes as overload whether on-campus or off-campus, shall be made by the Department Head (or the Dean in non-departmentalized Colleges) following consultation with the departmental (or College) faculty in committee, subject to the approval of the Dean. In accordance with departmental (or non-departmentalized College) policy, faculty may be given right of first refusal to teach any course which is offered by the University on an overload basis.

Effective July 1, 2024, the stipend for teaching a three credit course or equivalent as overload shall be \$8,000.

In addition, in recognition of the inconvenience of teaching an extra six credit unit course off-campus, the employee shall receive an extra \$500 or \$750 depending on whether the location in which the course is taught is outside the city, but less than 160 kilometers, or 160 kilometers or more in radius from Saskatoon.

- 18.5.2 Effective July 1, 1978, an employee teaching in a non-degree program shall receive a minimum of \$22.00 per contact hour.
- 18.5.3 The stipend for a course less than six credit units shall be calculated on a pro rata basis.
- 18.5.4 Employees in the College of Veterinary Medicine who have received extra compensation for the care of animals and other duties shall continue to be paid according to past practices, unless otherwise approved by the Joint Committee for the Management of the Agreement.
- 18.5.5 An employee may receive extra compensation for certain extraordinary teaching or non-teaching assignments, including assignments to clinical service. Individual or aggregate payments which exceed \$500 to one employee in any academic year will be reported to the Association. Payments in excess of \$8,000 to one employee in any academic year require the approval of the Joint Committee for the Management of the Agreement.

The development and teaching of courses on Indigenization, decolonization or reconciliation by employees whose academic training and expertise lies elsewhere may be considered an extraordinary teaching assignment.

- 18.5.6 Effective July 1, 1990, the overload stipend payable to an employee tutoring and marking an Independent Study course shall be set at 3.7% of the normal overload stipend, as set out in Articles 18.5.1 and 18.5.3, for each student enrolled in the class up to and including 27 students. When there are more than 27 students enrolled, the stipend will amount to \$100 for each additional student. The minimum stipend for an Independent Study course shall be \$1,000 for a six-credit unit course and \$500 for a three-credit unit course. Courses with more or fewer credit units will be prorated accordingly.

18.6 Outside Consulting, Employment, and Clinical Practice.

- 18.6.1 Employees are entitled to engage in consulting, employment, and clinical practice outside of the University, provided that it does not interfere with the assigned duties of the employee. Employees shall consult with their Department Head, or Dean in the case of non-departmentalized Colleges, before making a commitment to engage in consulting, employment, or clinical practice outside the university and do so at least once a year in case such activities continue, to determine if the proposed work may interfere with their assigned duties. If outside consulting, employment, or clinical practice will interfere with the employee's assigned duties, the employee must first obtain written approval from the employee's Department Head, Dean, and the President before accepting such work. Consulting, employment, and clinical practice outside of the University are recognized to be essential in many academic and professional fields.
- 18.6.2 All outside consulting, employment, and clinical practice in excess of 12 working days per year, except that performed on weekends, vacations, and holidays, shall be reported annually to the Department Head, Dean, and the President on a form prepared for that purpose.
- 18.6.3 For work outside the University, an employee may charge and retain a fee appropriate to the nature of the work.
- 18.6.4 All fees received for testing, analysis, and consultation, or from clinical practice in the Colleges of Dentistry and Veterinary Medicine, that are part of an employee's assigned duties shall be paid to the University and credited to the general fund of the University Operating Budget.
- 18.6.5 Permission to use University facilities, services, or materials by an employee for outside work and consulting must be obtained from the Dean. A reasonable charge may be made for such use.
- 18.6.6 Clinical Earnings and professional fees received by clinicians in the College of Medicine that arise from clinical duties are not subject to the provisions of this Agreement. It is recognized that these earnings and fees may be used to support faculty positions in the College of Medicine as described in Article 35.

- 18.6.7 Clinicians in the College of Dentistry are entitled to devote two half-days a week to private practice outside of assigned duties.
- 18.6.8 The University of Saskatchewan permits its faculty members to undertake private consulting work in accordance with the terms of this Article and under certain conditions, including time availability. When such faculty members are acting in their capacity as private professional consultants, the University disclaims any and all liability for the quality of the advice given and for the results of any actions taken by clients acting thereon.

- 18.7.2 An employee on disability leave under Article 21.8 earns full entitlement to a Career Development Increase for the academic year in which the disability first occurs.
- 18.7.3 An employee on disability leave under Article 21.8 is entitled, in any period of such leave following the year in which the disability first occurs, to a Career Development Increase in accordance with the following guidelines:
- (i) for leaves of three months or less - full Career Development Increase;
 - (ii) for leaves of more than three months and less than ten months - one-half Career Development Increase;
 - (iii) for leaves of ten months or more - no Career Development Increase.
- 18.7.3.1 Exceptions from the guidelines in Article 18.7.3 may be approved by the Joint Committee for the Management of the Agreement acting on the recommendation of the Vice-President Academic and Provost.
- 18.7.4 Career Development Increases shall be earned during the first year of leaves without pay. Entitlement to Career Development Increases to be earned during subsequent periods of leave without pay granted for purposes of research and scholarly work (as defined by the College Standards on Promotion and Tenure) and other academic activity shall be approved by the Vice-President Academic and Provost if recommended by the Department Head and Dean (or Dean of a non-departmentalized College).
- 18.7.5 All employees on leave are eligible to be considered for special increases and promotions, and shall receive the benefit of any general scale adjustments authorized during the period of leave.
- 18.7.6 A list of all employees on leave without pay, indicating whether they are entitled to Career Development Increases, shall be provided annually to the Joint Committee for the Management of the Agreement.
- 18.7.7 An employee on parental leave under Article 21.7 shall earn entitlement to a Career Development Increase for the first year of the leave.
- 18.8 Administrative Remuneration for Department Heads, and Assistant Deans.

- Acting Department Heads and Acting Assistant Deans appointed by the Board for a period exceeding six continuous weeks shall receive the same monthly installment.
- 18.8.2 An employee who is or becomes entitled to a stipend under Article 18.8.1 shall receive an allowance for accountable professional expenses in addition to the amount to which the employee is entitled under Article 22.12. This amount shall be the equivalent in the case of Department Heads of \$40 per full-time faculty member in the department, with a minimum of \$200. Assistant Deans will be entitled to \$500.

Acting Department Heads and acting Assistant Deans appointed by the Board for a period exceeding six continuous weeks shall have the amount prorated.

18.8.3 Effective July 1, 2024, employees who serve as Department Heads or Assistant Deans shall be entitled to have \$5,000 annually placed into a research account. Individuals appointed as Department Heads or Assistant Deans on an acting basis for more than six continuous weeks and less than one year shall have the amount prorated. Individuals who do not complete a full year of service shall have the annual amount reduced by the period of service that was not completed. The account shall be used to cover legitimate expenses associated with research activities.

18.9 Names and salaries of Special Lecturers and anomalies will be supplied to the Association by October 15 each year.

18.10 Stipend for Chairs

18.10.1 Chair holders shall normally be appointed at salaries comparable to those of other faculty with similar qualifications and experience. In some cases to be competitive in recruiting and retaining top scholars and to recognize the distinction of holding a Chair, Chair holders may be eligible for a Chair stipend for as long as they hold the Chair. The value of the annual stipend shall be established at the time of appointment, based on a recommendation from the Search Committee. This stipend shall not form part of the base salary and will be paid on a monthly basis.

On an initial appointment as a Chair, stipends shall normally have a value within a specified range equal to between 2 to 4 Career Development Increments (CDIs) for a junior Chair or 4 to 6 CDIs for a senior Chair. Upon reappointment to a Chair position, stipends may be increased to between 4 to 6 CDIs for a junior chair or 6 to 8 CDIs for a senior Chair.

19. HOLIDAYS AND VACATIONS

19.1 All employees shall be entitled to six weeks annual vacation which shall normally be taken between regular academic terms of the University. Arrangements may be made to take all or part of the vacation entitlement at another time of the year provided that the absence does not conflict with the employee's normal duties. Salary shall not be paid in lieu of unused vacation time, and, under normal circumstances, an employee shall not be allowed to accumulate vacation entitlement from one year to the next. Employees must notify their Department Heads or Deans of their summer programs in order to arrange the time of their vacations.

19.2 Instructors, and Lecturers, and Professors of Teaching shall be entitled to a six-week unbroken block of vacation in either spring session or summer session, or arrangements may be made to take all or part of the vacation entitlement at another time of the year.

19.3 The parties recognize the following paid holidays:

New Year's Day	Labour Day
Family Day	National Day for Truth and Reconciliation
Good Friday	Thanksgiving Day
Victoria Day	Remembrance Day
Canada Day	Christmas Day
Saskatchewan Day	Boxing Day

For those holidays which fall on either Saturday or Sunday and for which no alternate day is proclaimed by Government, the parties shall designate an alternate day, other than Saturday or Sunday, as the paid holiday. The selection of the alternate day shall be by agreement at the Joint Committee for the Management of the Agreement. Where an alternate day as selected above is not appropriate for a particular employee, that employee is entitled to make an arrangement with the Department Head or Dean to take a different day as the employee's paid holiday.

20. SABBATICAL LEAVE

20.1 Purpose. Sabbatical leaves are intended for academic study, research, writing, and similar activities. Sabbatical leaves provide a means by which employees increase their knowledge, further their research, stimulate intellectual interests, strengthen their contacts with the world-wide community of scholars, thus enhancing their contribution to the University on their return. Employees on sabbatical leave are encouraged, but not required, to leave the University during part or all of their period of leave.

- 20.2 The Dean of each College shall determine which sabbatical leave applications are acceptable and which are not acceptable. The Dean may delegate this task to a College Sabbatical Leave Committee. The Committee shall consist of the Dean or designate, who shall be Chair, and three employees from the College named by the College Review Committee. Members of the committee shall have been on sabbatical leaves during their careers. Employees applying in the current year for sabbatical leave shall not be eligible for service on the College Sabbatical Leave Committee.
- 20.2.1 Powers. The powers of the Dean or College Sabbatical Leave Committee shall be:
- (i) to receive and review all sabbatical leave applications from members of the College;
 - (ii) in Departmentalized Colleges, to invite Department Heads to comment upon all applications from their respective departments. A copy of the comments made by the Department Head shall be provided to the applicant employee;
 - (iii) to request additional information from individuals whose applications need clarification;
 - (iv) to consider the applicant's past sabbatical leave performance;
 - (v) to determine which applications are acceptable and which are not acceptable in accordance with Article 20.4.
 - (vi) to provide, in writing, the reasons for judging an application as not acceptable to the applicant employee.
- 20.3 Sabbatical Leave Appeal Committee. A Sabbatical Leave Appeal Committee shall be established each year to consider and determine all appeals from employees whose applications for sabbatical leave were determined to be not acceptable or whose applications for a sabbatical leave research grant (Article 20.11) were denied. Employees applying in the current year for sabbatical leave shall not be eligible for service on the Sabbatical Leave Appeal Committee.
- 20.3.1 Selection. The Sabbatical Leave Appeal Committee shall consist of the Provost and Vice-President Academic as Chair, the Vice-President Research or designate, and six other employees chosen by lot from the Appeals Panel (Article 16.3.5.1). Employees will serve a two-year term on the committee, and three new members will be selected each year. The six employees shall have taken a sabbatical leave at some time during their employment at the University of Saskatchewan. No member of the Sabbatical Leave Appeal Committee shall have been a member of the College Sabbatical Leave Committee for the current year. Vacancies in the committee shall be filled by choosing additional employees by lot from the Appeals Panel (Article 16.3.5.1) for a one-year term.
- 20.3.2 Observers. One observer named by the Faculty Association shall be entitled to be present at all meetings held by the Sabbatical Leave Appeal Committee; that observer shall not have been a member of a College Sabbatical Leave Committee during the current year.
- 20.3.3 Powers. The powers of the Sabbatical Leave Appeal Committee shall be:
- (i) to consider and determine written appeals from individuals whose applications were determined by the Dean or College Sabbatical Leave Committee not to be acceptable;
 - (ii) to consider and determine written appeals from individuals whose application for a sabbatical leave research grant (Article 20.11) has been denied.
- 20.4 Criteria for Sabbatical Leaves. A sabbatical leave shall be recommended in all cases where the applicant is eligible for a sabbatical leave as specified in Article 20.5, and has put forward a sabbatical leave project which, in light of the employee's past performance, demonstrates, to the satisfaction of the Dean or College Sabbatical Leave Committee, that the leave will be of sufficient benefit to the University and to the employee to justify its award. The benefits shall be judged in terms of:
- (i) research, scholarly and artistic work; or
 - (ii) teaching; or
 - (iii) clinical practice; or
 - (iv) other work related to the applicant's University duties.

20.5 Eligibility for Sabbatical Leave.

20.5.1 With the exception of Professors of Teaching, an employee with tenure shall first be eligible to be considered for a sabbatical leave after six years of service at the University provided that in each of the six years the employee had tenure, the year was counted as a year of probationary service in earning tenure, or as stipulated in Article 21.7.1.10. An employee shall also be eligible to apply for a six-month sabbatical leave after an additional three years of service or a six-month or twelve-month sabbatical leave after an additional six years of service following the date of completion of the employee's last sabbatical leave.

Professors of Teaching shall first be eligible to be considered for a four-month sabbatical leave after six years of service at the University provided that in each of the six years the employee had tenure, the year was counted as a year of probationary service in earning tenure, or as stipulated in Article 21.7.1.10. Professors of Teaching shall also be eligible to apply for a four-month sabbatical leave after an additional three years of service following the date of completion of the employee's last sabbatical leave.

20.5.2 The years of service which generate eligibility need not have been continuous but educational leave and other leaves of absence normally shall not count as qualifying service. Qualifying service during maternity/parental/adoption leave or primary caregiver leave is set out in Article 21.7.1.10. Absence from duties, other than educational leave and the first year of each maternity/parental/adoption leave or primary caregiver leave, for a period in excess of three consecutive years nullifies previously accumulated qualifying service. Individual or accumulated periods of approved leave of less than six months' total duration within an academic year shall not be deleted from an employee's eligible service. If an employee is appointed after July 1 but prior to January 1, the partial year shall count as a full year for the purpose of determining sabbatical leave eligibility. If an employee is appointed on or after January 1 but before July 1, the partial year shall count as a half-year for the purpose of determining sabbatical leave eligibility.

20.5.3 With the exception of Professors of Teaching, with the approval of the Dean, an employee may apply and be considered for a twelve-month sabbatical leave (at 90% salary) or a six-month sabbatical leave (at 100% salary) after five years of service in which case the employee shall be required to complete one additional year of qualifying service, beyond that specified in Article 20.5.1, before being eligible to apply for the next sabbatical leave.

20.5.4 If all or part of an employee's service is on a part-time basis, the employee's qualifying service shall be based on academic years of service. The sabbatical stipend shall be prorated according to the provisions of Article 20.8.2.

20.6 Allocation of Sabbatical Leaves.

20.6.1 The Dean may postpone for one year the sabbatical leave of an employee with an acceptable sabbatical leave project, if:

- (i) The number of acceptable applications in any College exceeds $1/8$ x the number of tenured faculty.
- (ii) An adequate replacement cannot be found for an employee.
- (iii) An adequate replacement cannot be found after consultation by the Dean of Medicine with a representative of the board of the health region, for an employee who requires hospital privileges to perform the employee's assigned duties.

Such an employee shall have first claim on sabbatical leave in subsequent years. The year of postponement shall count as a year of qualifying service for the employee's next sabbatical leave.

20.6.2 An employee who has been granted a sabbatical leave may cancel such leave before 31 March of the academic year in which the leave is granted if the leave is to begin July 1 or before 30 September if the leave is to begin January 1. After these dates the leave may be cancelled only with the approval of the candidate's Department Head and Dean or the candidate's Dean in the case of non-departmentalized Colleges.

20.7 Responsibilities of Sabbatical Leave Recipients.

20.7.1 An employee who takes sabbatical leave is expected to return to service at the University for a period equivalent to the duration of the sabbatical leave.

- 20.7.2 During the period of sabbatical leave the employee's assigned duties shall consist of work on the approved sabbatical project.
- 20.7.3 A report on the work done related to the sabbatical project shall be submitted by the employee to the Dean or Committee, through the Department Head or Dean, not later than three months after the end of the sabbatical leave.
- 20.8 Level of Remuneration. With the exception of Professors of Teaching, employees on sabbatical leave for twelve months shall receive 90% of their regular salary, those on sabbatical leave for six months after six years of service shall receive 100% of their regular salary, and those on sabbatical leave for six months after an additional three years of service shall receive 90% of their salary. Employees may be requested to take their regular leave in two three-month periods where assigned duties include provision of medical services, in which case they shall receive 100% of their regular salary for a six-month sabbatical leave after six years of service or 90% of their regular salary for a six-month sabbatical leave after an additional three years of service.
- Professors of Teaching shall receive 100% of their regular salary for the four-month period of their sabbatical leave.
- 20.8.1 If an employee receives salary from a source other than the University for activities that are part of the employee's sabbatical project, the employee's University salary shall be adjusted so that the combined salary does not exceed 100% of the employee's University salary by a significant amount. However, if an employee on sabbatical leave provides information to the Dean or Committee to show travel, research and other extraordinary expenses of the leave, the Employer shall allow such combined salary in excess of 100% of University salary as is justified by these extraordinary expenses, except that in no case shall the Employer pay in excess of the amount of University salary referred to in Article 20.8. An employee on sabbatical leave may engage in consulting, employment and clinical practice in accordance with Article 18.6.
- 20.8.2 If the qualifying service consists of some part-time service, the sabbatical stipend shall be calculated as follows:
- (i) If the qualifying service consists of all part-time or some full-time and some part-time service, the sabbatical stipend will be prorated on the basis of the number of years of equivalent fulltime.
 - (ii) If the qualifying service is greater than the minimum number of years required, the years most advantageous to the employee shall be selected as the basis for calculating the stipend.
- 20.9 Period of Leave. Full-year sabbatical leaves shall normally commence on July 1. Six-month sabbatical leaves shall normally commence on January 1 or July 1. Four-month leaves for Professors of Teaching shall normally commence on September 1 or January 1. An employee may arrange the period of the sabbatical leave at other dates, subject to the approval of the Dean.
- 20.10 Eligibility for Promotion and Special Increases. An individual on sabbatical leave shall be eligible for promotion or a Special Increase on the same basis as any other employee.
- 20.11 Sabbatical Leave Research Grant. Employees shall be entitled to receive a portion of their sabbatical salary in the form of a research grant provided that they can reasonably demonstrate to the appropriate research committee that such funds are required for the research to be carried out during their sabbatical leave. The grant may include funds for travel, certain living expenses while away from Saskatoon, research materials, books, telephone, copying, and for such other items as are related to the research costs. (Note: The tax status of expenditures under the research grant is a matter to be settled between the individual and Canada Revenue Agency.)
- If an employee's application for a research grant has been denied, the employee shall be entitled to appeal to the Sabbatical Leave Appeal Committee. The decision of the Sabbatical Leave Appeal Committee is final with a grievance subject to the same limitations as in the case of tenure.
- 20.12 Dates. The following dates shall govern sabbatical leave procedures:
- (i) by September 30, all sabbatical leave applications shall have been made to the Dean or College Sabbatical Leave Committee for leaves to begin in the following academic year;
 - (ii) by October 31, the Dean or College Sabbatical Leave Committee shall have determined which sabbatical leave projects are acceptable and which are not acceptable, and the applicants shall have been informed.

- (iii) by November 15, all appeals shall have been filed with the Sabbatical Leave Appeal Committee;
- (iv) by November 30, all appeals shall have been considered by the Sabbatical Leave Appeal Committee, and the appellants informed of the Committee's decision;
- (v) by December 15, each Dean shall have informed the members of the College who have acceptable sabbatical leave projects whether the Dean will transmit to the Board a recommendation for granting of the employee's leave during the subsequent academic year, or a recommendation for delay of leave.

20.13 Interpretation. Any dispute arising from the interpretation of the above regulations and procedures shall be resolved by agreement between the Employer and the Association.

20.14 A grievance in the case of denial of sabbatical leave shall be subject to the same limitations as in the case of tenure (Article 15.17).

21. OTHER LEAVES

21.1 Political Leave.

21.1.1 The Employer shall, upon written request, grant leave of absence without pay to an employee to be a candidate in federal, provincial, or municipal elections. An employee who is a candidate for office shall be entitled to take vacation at the time of an election in lieu of leave without pay.

21.1.2 An employee elected to public office shall be entitled to leave of absence without pay during the term of office. The Employer agrees to permit the employee to restrict the period of leave to coincide with legislative responsibilities if such partial absence will not seriously affect the employee's performance of academic duties during the balance of the academic year.

21.2 Court Leave. Leave with full pay shall be granted to any employee required to be a witness or juror by any body in Canada with powers of subpoena. As soon as an employee receives notification of the requirement to serve as a witness or juror, the employee shall notify the President.

21.3 Leave for Personal Reasons. Leave with pay for urgent personal reasons (bereavement, family illness, emergency family care, etc.) shall be granted for short periods of time. Before taking such leave, an employee should, if possible, obtain permission from the Department Head or Dean so that arrangements can be made to carry on the employee's duties during the period of absence.

21.4 Leave Without Pay.

21.4.1 A leave of absence without pay may be granted an employee to provide professional assistance to an outside agency or for other reasons provided that the employee's duties can be performed satisfactorily, and that all the Employer's contractual obligations relating to the employee can be met. Such leave of absence shall be reviewed annually and shall not normally be given for more than three consecutive years.

The effective date of retirement shall be June 30 of the academic year in which the notification occurs. Notification constitutes notice under Article 24.2.

24.6.2 Employees shall receive one-time compensation based on unused leave credits on the date of retirement, calculated as follows:

Years of Sabbatical/Research/Administrative Leave Credit	One-Time Compensation (Percentage of Annual Salary as of Retirement Date)
0	0%
1	25%
2	30%
3	35%
4	40%
5	45%
6+	50%

(i) Annual salary shall mean the base salary provided in accordance with Article 18.2 as of the date of retirement.

(ii) Years of credit shall mean the number of years of eligible service toward sabbatical leave, research leave, or administrative leave.

24.6.3 Employees who have received confirmation from the Employer of one-time compensation for unused leave upon retirement are not eligible for the Reduced Appointment Retirement Plan (Article 24.5).

25. PATENTS

25.1 The University has no claim in respect of rights in any invention developed without the use of University facilities, support personnel, or services and on the employee's own time.

25.2 Each employee is required to give the University notice of any patent application made by the employee together with a statement as to whether, in the employee's opinion, University facilities, personnel, or services have been used in the development of the patent.

25.3 By mutual agreement an employee and the Employer may enter into an individual agreement concerning their respective rights in any invention produced by an employee as a consequence of activity that was not part of the employee's assigned duties, according to the "Memorandum of Agreement" presently in use or amended by agreement between the Employer and the Association.

25.4 An employee shall enter into an individual agreement with the Employer concerning their respective rights in any invention produced by an employee as a consequence of activity that was part of the employee's assigned duties, according to the "Memorandum of Agreement" presently in use or amended by agreement between the Employer and the Association.

26. COPYRIGHT

26.1 Copyright Ownership. The Employer recognizes that the employee is the sole copyright holder of the following:

(i) lectures delivered by the employee;

(ii) printed works (books, articles and similar material) written by the employee, except for editorial work that is part of the employee's assigned duties;

- (iii) artistic works (paintings, sculptures, musical compositions and the like) created by the employee;
 - (iv) computer programs developed by the employee, except for work that is part of the employee's assigned administrative duties;
 - (v) recorded works (films, videotapes, audio recordings, etc.) created by the employee, except for work that is part of an employee's assigned duties.
- 26.2 Royalties. An employee is entitled to receive any and all royalties on copyrighted works of which the employee is the exclusive owner. Royalties on copyrighted works that are produced as part of an employee's assigned duties shall be shared half and half between the employee and the Employer, or by such other arrangements as the Association may approve on behalf of the employee.
- 26.3 Any work produced by an employee and copyrighted by the Employer shall be withdrawn from educational or public use at the request of the employee if the employee can demonstrate that the content is in error or outdated, that the quality is unjustifiably poor, or that the work reflects badly on the employee's reputation. No copyrighted work produced by an employee shall be used by the Employer in a manner not approved by the employee.

27. GRIEVANCES

- 27.1.1 Complaints. The parties confirm their mutual desire that every grievance shall be dealt with promptly with the object of arriving at a fair and proper settlement.
- 27.1.2 It is the right of each employee to seek to resolve disputes that arise concerning terms and conditions of employment through informal discussions with academic and administrative colleagues, provided that such informal discussions shall not in any way prejudice any dispute resolution procedures set out in this Agreement.
- 27.2 Grievance. A "grievance" shall be defined as any dispute that arises between the Employer and the Association respecting the interpretation, application, or alleged violation of any of the provisions of the Agreement. The Association is entitled to initiate a grievance in its own right or on behalf of an employee. A statement of grievance must be filed with the Joint Grievance Committee within 90 days of the discovery of the alleged grievance.
- A grievance proceeding is initiated by a statement in writing by either party to the Joint Grievance Committee which sets out the substance of the grievance and indicates the provisions of the Agreement that are alleged to have been improperly interpreted, or wrongly applied, or violated.
- 27.2.1 The statement of the grievance and reference to specific provisions of the Agreement are not to be held to limit the scope of the grounds for the grievance which will always be the Agreement in its entirety.
- 27.2.2 When a grievance is initiated on behalf of an employee, that employee shall have the right to be heard by the Joint Grievance Committee.
- 27.2.3 The Association is entitled to access to all documents relevant to a grievance, including confidential documents as provided for by Article 12.
- 27.2.4 All grievances initiated by the Association in its own right shall be forwarded to the Joint Grievance Committee for resolution by the Committee, or disposition in accordance with the procedures prescribed in Article 27.4.
- 27.2.5 All grievances initiated by the Employer concerning the interpretation, application or alleged violation of any of the provisions of the Agreement by an employee, or the Association, or both shall be forwarded to the Joint Grievance Committee for resolution by that Committee, or disposition in accordance with the procedures prescribed in Article 27.4.
- 27.3 Joint Grievance Committee. The parties agree that there shall be a Joint Employer-Association Grievance Committee whose short name will be the Joint Grievance Committee which shall have as its composition six (6) persons, consisting of three (3) persons representing the Employer, and three (3) persons representing the Association.
- 27.3.1 The Employer and the Association may add to the membership of the Joint Grievance Committee by mutual agreement, and either the Employer or the Association may, without agreement, have other

persons, including the aggrieved employee, if any, attend a meeting of the Joint Grievance Committee for the purpose of providing information.

At a meeting designated for discussion of the grievance, the Employer shall add one representative to the Joint Grievance Committee as follows:

- (i) the Dean, or designate, of the academic unit in question when the grievance filed with the Joint Grievance Committee involves a specific academic unit;
- (ii) the Provost, or designate, when the grievance filed with the Joint Grievance Committee involves more than one academic unit, or when the grievance involves a Dean or Deans; or
- (iii) the University official identified by the Employer as having responsibility over the matter when a grievance filed with the Joint Grievance Committee alleges that an Employer policy contravenes or comes into conflict with, or interferes with the application of, a specific provision or provisions of the Agreement.

27.3.2 A quorum shall consist of a minimum of four (4) members of whom two (2) shall be representatives of the Employer and two (2) shall be representatives of the Association.

27.3.3 The Joint Grievance Committee shall have the right in conducting its business to make decisions on matters of substance and procedure, except as restricted by Article 27.7, and to this end shall forthwith adopt its own rules of procedure.

27.4 Arbitration. Should a grievance not be resolved to the satisfaction of the Employer or the Association within thirty days of its receipt by the Joint Grievance Committee, either party may within the next fifteen days, give written Notice of Intention to Proceed to Arbitration. Failing such notice the grievance in question shall be considered to have lapsed. The time periods specified in this Article may be subject to extension by mutual agreement of the two parties.

27.4.1 In the event that either of the parties to this Agreement decide that a grievance should be sent forward to the arbitration stage, the Employer and the Association shall attempt to agree on an arbitrator within fourteen (14) calendar days from the date of the receipt of the Notice of Intention to Proceed to Arbitration by the Joint Grievance Committee.

27.4.2 Should the Employer and the Association fail to agree on the appointment of an arbitrator, the arbitrator shall be the first name on the Panel of Arbitrators, as stipulated in Appendix A of this Agreement. Any member of the panel, who having been requested in turn to act as arbitrator and who is unwilling or unable to act, shall not again be requested to act until that member's name comes up again in the regular rotation of the panel.

27.4.3 Should no member of the Panel of Arbitrators agree to hold an arbitration hearing within a period of sixty (60) days from the date the request is made, the Minister of Labour of the Province of Saskatchewan will be asked to appoint an arbitrator, who within the two years preceding the request, will not have been employed by the University of Saskatchewan or the University of Regina, and will not have represented the Employer or the Association as an agent, nor have been involved in any prior attempt to negotiate or settle the grievance to be arbitrated.

27.4.4 Any matter or question arising from the interpretation, application, or alleged violation of this Agreement, including questions of the proper application of all procedures set out in this Agreement, and including also the question of whether a matter is arbitrable, may be submitted to arbitration by the parties as herein provided.

27.4.5 The parties are instructed in respect of grievances submitted in accordance with the provisions of Articles 27.2.4 and 27.2.5 to attempt a joint written statement which stipulates the matter to be arbitrated, and if such a joint statement is presented to the arbitrator, the arbitrator shall be bound to adjudicate the issue or issues as stipulated and no other.

27.4.6 Should no such joint stipulation be presented to the arbitrator, the arbitrator will determine the issue or issues before the arbitrator on the basis of the presentations made during the course of the hearing.

27.4.7 The arbitrator shall not have jurisdiction to amend or add to any of the provisions of this Agreement or to substitute any new provisions in lieu thereof, nor to give any decision inconsistent with the terms of this Agreement, provided, however, that the arbitrator will not be barred from hearing and rendering an award on the basis of technical irregularity, if such irregularity has no bearing on the substance of the grievance.

- 27.5 Expenses. Each of the parties shall equally share the fee and expenses of the arbitrator. Each of the parties shall be responsible for all costs and expenses of its own counsel and witnesses, except those witnesses who are persons in the employ of the University shall continue to receive their regular compensation while acting as witnesses and no charges shall be assessed for the working time lost while they are acting as witnesses.
- 27.6 Powers of the Arbitrator. The arbitrator shall exercise those powers enumerated in *The Saskatchewan Employment Act*, as amended from time to time and the arbitrator's decision shall be final and binding on both parties.
- 27.6.1 The arbitrator shall have the power to examine any document held under the authority of the Employer or the Association, that the arbitrator believes might be relevant to the grievance at arbitration, and release to the parties such documents, wholly or in part, that the arbitrator judges to be relevant.
- 27.6.2 In any instance in which there has arisen the issue of access to documents as indicated in Article 27.2.3 and the arbitrator has released a document under Article 27.6.1 the arbitrator shall be empowered to order an adjournment until such time that the arbitrator considers the Association or the Employer to have had sufficient opportunity to incorporate the newly available documents into the presentation of the case.
- 27.7 Limitations on Access to Grievance Procedure and Arbitration. Certain review procedures involving complex forms of academic peer judgment have evolved out of continuous practical experience. These complex academic review procedures include: renewal of probationary appointments (Article 14), tenure (Article 15), promotion (Article 16), salary review (Article 17), sabbatical leave (Article 20.2.1, 20.3, and 20.4), educational leave (Article 21.6), and declaration of partial redundancy (Article 29.2 (ii) and 29.5.2 (i)). Special appeal procedures exist as remedy for employee grievances concerning these matters, and resort to this Article shall be permitted only insofar as it is provided for in those Articles.

28. TRANSFER OF EMPLOYEES

- 28.1 This Article covers the procedures to be followed when employees are transferred to another unit as the result of the processes identified in Article 28.3 or at an employee's request.
- 28.2 For the purpose of this Article, the term "unit" shall be used to mean department, College, or parts of a department or College but does not include Library departments. The provisions of this Article do not alter the provisions of Article 29.
- 28.3 The parties recognize that the reorganization of academic units including the creation, conversion, amalgamation or dissolution of departments and Colleges must be formally approved by Council.
- 28.4 Affected employees shall indicate in which one or more units they consider themselves to be qualified for appointment, and shall state their preferences. The Dean of the College (or Deans if more than one College is involved), shall, after consultation with each employee, assign each employee to a unit, taking qualifications and preferences into account and subject to the provisions of Article 11.
- 28.5 Employees, when transferred to their new units, shall retain their existing seniority, salary, sabbatical entitlements, and all other negotiated benefits and reasonable accommodations.
- 28.6 Employees holding tenure or having been awarded tenure at the time of the transfer shall hold tenure or be awarded tenure in the unit to which they are being transferred.
- 28.7 Employees holding a probationary appointment at the time of transfer shall continue on probation in the unit to which they are transferred, and all probationary time served in the original unit shall count towards the probationary period in the new unit. The tenure standards to be applied shall be those which applied at the time of appointment, unless the employee requests, and the Joint Committee for the Management of the Agreement approves, the application of standards for the unit into which the employee is transferred.
- 28.8 Employees appointed to probationary appointments on or after the date of reorganization shall be subject to the department and/or College standards in effect at the time of their appointments. Employees reappointed to a tenurable position shall be credited for service within the unit in which they were originally appointed, in accordance with Article 13.7.
- 28.9 Employees appointed prior to the date of reorganization, and who are eligible to be considered for promotion during the first or second years following their transfer shall declare, within two months of the

date of transfer, whether they wish (1) the standards of their former unit or (2) the standards of the unit into which they are transferred to be applied. If no standards exist for that unit at the time of transfer, employees shall declare, within two months of the date of transfer, whether they wish (1) the standards of their former unit; or (2) the standards of the College and University to be applied. The standards selected by the employee shall be confirmed in writing by the Dean and shall be applied during the initial consideration of the employee's promotion in the new department. If promotion is not granted, Article 28.10 shall apply.

28.10 For employees becoming eligible for promotion in the third or subsequent years following transfer, or employees who had requested deferral, the promotion standards to be applied shall be the standards in effect in the unit into which the employee is transferred. If no standards exist for that unit, employees shall declare, within two months of the date of transfer, whether they wish (1) the standards of their former unit; or (2) the standards of the College and University to be applied. The standards selected by the employee shall be confirmed in writing by the Dean and shall continue to apply until departmental (and/or College) standards are approved prior to the academic year in which the review takes place.

28.11 Employees with term or without term or with continuing status whose appointments continue beyond the date of reorganization shall continue in the same status in the units to which they are transferred.

29. LAYOFF AND SEVERANCE

29.1 Layoff and Severance. Layoff and severance will occur when the resources of the University are not sufficient to finance existing academic programs without layoff of tenured, permanent, or probationary employees.

29.2 Actions in the Event of Layoff or Severance. When layoff or severance is necessary, the Employer may take one or more of the following actions:

- (i) Temporary Layoff: lay off existing employees temporarily, provided that insufficient funds are currently available to pay existing employees;
- (ii) Partial Redundancy: discontinue a particular academic program in whole or in part, provided that the academic priorities of the University no longer warrant such a program; or
- (iii) General Redundancy: reduce the number of employees in general, provided that insufficient funds will be available to pay the existing number of employees for a long time into the future.

29.3 The Employer agrees that before any action is taken, the Association shall be informed of the action proposed and provided with the budgetary information on which the decision was based. The Employer shall also provide the Association with information about any actions as they are taken.

29.4 No action shall be taken which is inconsistent with the terms of this Agreement.

29.5 Temporary Layoff, Partial Redundancy, General Redundancy.

29.5.1 Temporary Layoff. If the Employer has determined that insufficient funds are currently available to pay existing employees:

- (i) employees shall be laid off and recalled according to seniority as specified in Article 29.6;
- (ii) employees who are to be laid off shall be notified according to Article 29.7;
- (iii) no new or additional employees shall be hired without the approval of the Association while any employee is temporarily laid off.

29.5.2 Partial Redundancy. If the academic priorities of the University no longer warrant the continuation of a particular program, in whole or in part, whether for financial or academic reasons:

- (i) the program shall not be considered discontinued, in whole or in part, for layoff purposes unless the discontinuance has been approved by Council. The University shall notify all employees potentially affected by the program discontinuation of the Council meeting at which the program discontinuation will be considered. A copy of the notice of the meeting will also be sent to the Association. A grievance in the case of layoff for reason of partial redundancy shall be subject to the same limitations as in the case of tenure (Article 15.17);

- (ii) before any employees are laid off, the Employer shall determine whether some or all layoffs could be avoided by:
 - (a) economizing on other areas of expenditure,
 - (b) transfer to another academic program as specified in Article 29.9,
 - (c) retraining as specified in Article 29.10,
 - (d) early retirement as specified in Article 29.11;
- (iii) employees shall be laid off and recalled according to seniority as specified in Article 29.6;
- (iv) employees who are to be laid off shall be notified according to Article 29.7;
- (v) employees who are laid off shall be entitled to the severance benefits specified in Article 29.8 or whatever Assisted Early Retirement Plan may be in effect at the time;
- (vi) only employees in a discontinued program shall be subject to layoff due to a Partial Redundancy.

29.5.3 General Redundancy. If the Employer has determined that insufficient funds exist to pay the existing number of employees for a long time in the future:

- (i) before any employee is laid off, the Employer shall determine whether some or all layoffs could be avoided by:
 - (a) economizing on other areas of expenditure,
 - (b) transfer to another academic program as specified in Article 29.9,
 - (c) retraining as specified in Article 29.10,
 - (d) early retirement as specified in Article 29.11;
- (ii) employees shall be laid off and recalled according to seniority as specified in Article 29.6;
- (iii) employees who are to be laid off shall be notified according to Article 29.7;
- (iv) employees who are laid off shall be entitled to severance benefits, as specified in Article 29.8.

29.6 Seniority on Layoff and Recall.

29.6.1 In the event of a Temporary Layoff or General Redundancy, the number of layoffs shall be allocated proportionately among Colleges. In the event of any layoff, employees shall be laid off and recalled according to their seniority among those employees within the department, division, College, or other administrative unit in which the layoff is to occur.

29.6.2 The order of seniority on layoff shall be the following:

- (i) first, Sessional Lecturers who are not members of the bargaining unit but who teach classes that can satisfactorily be taught by members of the bargaining unit, and are financed out of the University Operating Budget;
- (ii) second, Special Lecturers and employees who hold appointments without term or for a limited term, and whose income comes from the University Operating Budget;
- (iii) third, all other employees in the bargaining unit.

The order of recall shall be the reverse of the order of layoff.

29.6.3 Within each of these three classifications, the order of seniority shall be determined by the date of current appointment to the University, those most recently appointed being the first to be laid off and those last laid off being the first to be recalled. When the date for layoff or recall is the same for any employees, the order of seniority shall be determined by lot.

- 29.6.4 No tenured or permanent employee having a minimum of ten (10) years of service with the University whose age plus years of service is equal to or greater than sixty (60), shall be laid off for reason of General Redundancy.
- 29.6.5 Recall rights of laid off employees shall be limited to a period of three years from the date of layoff. A laid off employee shall have the right of first refusal of each and every available position in the employee's field. Laid off employees shall be given two months to decide whether they wish to accept a recall and shall be given a reasonable period of time in order to fulfill other commitments before resuming their duties. If employees fail to accept a recall or to resume their duties, their recall rights shall terminate.
- 29.7 Notification. The President shall send a letter of notification to each employee who is to be laid off stating that the layoff is for reasons of financial exigency alone. The letter shall be sent by prepaid registered mail to the employee's last known address no later than:
- (i) six months before the effective date of the layoff in the case of a Temporary Layoff; or
 - (ii) eighteen months before the effective date of the layoff in the case of a General Redundancy; or
 - (iii) twenty-four months before the effective date of the layoff in the case of a Partial Redundancy.
- An employee on a limited term appointment whose term of employment expires in less than six months need not be sent a letter of notification.
- 29.8 Severance Benefits.
- 29.8.1 In the event of a Partial or General Redundancy, severance pay shall be equal to two months' salary for each of the first three years of service, plus one additional month's salary for each additional year of service up to a maximum of nine additional months of salary.
- 29.8.2 In the event of a Temporary Layoff, employees who are not recalled within the academic year that they are laid off shall be entitled to the severance benefits provided for in Article 29.8.1.
- 29.8.3 Employees who have been notified that they will be laid off may, at their discretion, elect to receive a cash settlement equal in value to their monthly salary times the number of months that remain in their period of notification to a maximum of 12-months' salary before the effective date of their termination, in lieu of continuing their employment with the University. This cash settlement shall not affect their recall rights.
- 29.8.4 Employees who are laid off shall continue to have access to Library facilities on the same basis as employees who have not been laid off, and shall be given reasonable access to laboratory and computer facilities.
- 29.8.5 Laid off employees who are recalled may, at their option, make retroactive payments into the Pension Plan for all or part of the time they were laid off and the Employer shall make matching contributions according to the formula for the Pension Plan as if they had been on leave of absence without pay.
- 29.8.6 Laid off employees shall, until termination of laid off status or acceptance of other permanent employment, be eligible for:
- (i) participation, at their own expense, in the Voluntary Group Life Insurance Plan, subject to amendment of the Plan;
 - (ii) participation, at the Employer's expense, in the basic coverage of the Compulsory Group Life Insurance Plan, subject to amendment of the Plan.
- 29.9 Transfer. In the event of layoff or severance, employees may be transferred, with their permission and with the Employer's approval, from their departments or Colleges on a partial, short-term, or permanent basis in lieu of being laid off.
- 29.9.1 Secondment (Partial and/or Short-Term Transfer of Duties).
- (i) Secondment of employees, for a portion or all of their academic duties, would normally be occasioned by:

- (a) efforts to implement a Council-approved decision establishing particular academic priorities,
 - (b) enrolment patterns which create serious imbalances in teaching loads of a kind which could be alleviated by transfers;
- (ii) secondments shall be effected only after consultation among the appropriate Dean(s), head(s), and the employee. The President shall confirm a decision about secondment in writing to the employee with a copy to the Association, at least three (3) months prior to the date on which the transfer is to become effective. The written notice of the decision shall indicate the date and the expected duration of the secondment.

29.9.2 Permanent Transfer.

- (i) Permanent transfer would normally be occasioned by:
- (a) efforts to implement a Council-approved decision establishing particular academic priorities,
 - (b) significant and long-term changes in enrolment patterns which create serious imbalances in teaching loads of a kind which could be alleviated by transfers;
- (ii) permanent transfers shall be effected only after consultation among the appropriate Dean(s), head(s), and the employee. The President shall confirm a decision to transfer in writing to the employee with a copy to the Association at least three (3) months prior to the date on which the transfer is to become effective;
- (iii) employees who are transferred will retain tenure, rank, seniority, salary, sabbatical and pension entitlements and all other negotiated or customary benefits.

29.10 Retraining. During a period when layoff or severance is required, retraining may be necessary before an employee can be transferred to another department or College. Retraining shall be voluntary and requires the approval of the Employer. Employees who elect to retrain as a condition of being transferred shall continue to receive their current monthly salary up to a maximum number of months for which they would be eligible according to their period of notification plus their severance payment; and they shall be entitled to the positions for which they retrain.

29.11 Early Retirement. During a period when layoff or severance is required, every reasonable effort shall be made to retire employees early in order to avoid layoffs. Early retirement shall be voluntary.

30. LETTERS OF EXPECTATION AND LETTERS OF INSTRUCTION

30.1 Letters of Expectation.

A letter of expectation is a non-disciplinary letter issued by a Dean to an employee. The purpose of a letter of expectation is to counsel and communicate.

A letter of expectation shall have the following attributes:

- (i) it shall be clearly labelled as a letter of expectation;
- (ii) it shall identify and clarify the expected standard of performance, or the tasks, functions, or responsibilities that are expected of an employee and shall not refer to culpable actions or behaviour on the part of the employee;
- (iii) it may provide guidance and assistance, as appropriate;
- (iv) it shall not prescribe actions of the employee;
- (v) it shall not identify concerns possibly warranting future discipline or be used as the foundation for building potential future disciplinary actions;
- (vi) it shall not be added to the employee's personal file.

30.2 Letters of Instruction.

Letters of instruction are disciplinary letters and may be a precondition to discipline as per Article 31.1.3. The purpose of a letter of instruction issued by a Dean to an employee is to direct the standard of performance that is expected, and specifically, the standard of performance that is not acceptable.

A letter of instruction shall have the following attributes:

- (i) it shall be clearly labelled as a letter of instruction;
- (ii) it is a specific and proper instruction concerning the tasks, functions, responsibilities, or standard of performance expected of the employee;
- (iii) further incidents may be followed by further letters of instruction or discipline.
- (iv) the letter shall be added to the employee's personal file in accordance with Article 12.3.7.

31. DISCIPLINE

31.1 Discipline is specific action taken by the Employer based on an allegation that an employee has not performed the employee's duties at a standard that is considered acceptable, or has failed to carry out a proper instruction given by an administrative superior.

31.1.1 An allegation requiring disciplinary action can only be justified if the following conditions are determined to have existed:

- (i) the tasks or functions or responsibilities that are expected of an employee have been made clear to the employee through specific instruction, or it could be reasonably expected that such tasks or functions or responsibilities would be specifically known to an employee on the basis of the employee's rank and current terms of appointment;
- (ii) through specific and proper instruction, or on the basis of the employee's rank and current terms of appointment, the employee must have had a reasonable opportunity to know and understand the standard of performance that is expected, and specifically, the standard of performance that is not acceptable;
- (iii) if the disciplinary action is to be taken on the basis of a cumulation of allegedly censurable events, it is required that, in the course of the cumulation of allegedly censurable events, the employee will have been properly informed that the employee's performance was not at an acceptable level;
- (iv) in the case of an alleged refusal to carry out an instruction, such instruction will have been provided to the employee in written form, unless circumstances precluded the opportunity for written instruction to be received by the employee.

31.1.2 Failure to carry out the instructions given by an administrative superior are not valid grounds for disciplinary action, if:

- (i) the instruction is in conflict with the employee's right to engage in legitimate collective bargaining activity; or
- (ii) the instruction infringes upon the employee's right to academic freedom.

31.1.3 Discipline shall take the form of (i) reprimand, or (ii) dismissal, except that when an Arbitration Committee decides not to uphold a recommendation for dismissal, the Committee shall have the power, under Article 31.5.10.7, to substitute whatever lesser form of discipline it considers appropriate, aside from change in academic rank or tenure.

31.1.4 An employee may, at the President's discretion, be temporarily relieved of duties at any stage in the discipline process. Unless, and until the Arbitration Committee recommends that the employee be dismissed and the Board acts upon such recommendation from the President, the employee shall retain the employee's appointment at full salary.

31.2 Reprimand. Reprimand shall be a written statement issued by the President, on the recommendation of the Dean, to an employee stating that the employee's activities have been such as to violate acceptable standards of performance of tasks, functions, or responsibilities appropriate to the

employee's present rank and current terms of appointment, or that the employee has failed to carry out a proper instruction. The written statement shall include reasons for the disciplinary action, and a copy shall be sent to the Association.

- 31.2.1 In the year subsequent to a reprimand, the Employer may withhold a Career Development Increase from the employee who has been reprimanded.
- 31.2.2 A reprimand shall be added to the employee's personal file in accordance with Article 12.3.8.
- 31.2.3 A grievance against a reprimand shall conform to the grievance procedure as set out in Article 27 of this Agreement.
- 31.3 Dismissal. Dismissal is the termination by the Board of the appointment of any employee as a consequence of disciplinary action. A decision not to renew a probationary appointment, or not to grant tenure status at the conclusion of a probationary period, does not constitute dismissal.
- 31.4 Grounds for Dismissal. An employee may not be dismissed except for good and sufficient cause.
- 31.4.1 The loss by an employee of privileges to engage in professional practice (including, in the case of College of Medicine staff, the loss of hospital privileges) as the result of an action by an outside body empowered to take such action, shall not in itself be a sufficient reason for dismissal from the University. However, the Arbitration Committee shall not be precluded from receiving into evidence the facts and circumstances that led to the loss of professional privileges as establishing in whole or in part good and sufficient cause.
- 31.4.2 Failure to perform for reasons of proven ill health will not be grounds for dismissal provided that:
- (i) the employee makes every reasonable effort to rehabilitate herself or himself commensurate with the employee's physical and mental abilities. Utilization of the EAP shall be regarded as constituting a reasonable effort at rehabilitation; and
 - (ii) the employee seeks and follows an active treatment program suitable for the illness or disability.

Nothing in this section will be construed as changing the terms and conditions of the Academic Long Term Disability Plan for employees, (Article 22.5), and in particular, with the provision for alternate employment after two years on the Academic Long Term Disability Plan.

- 31.5 Procedures for Dismissal.
- 31.5.1 When the Dean of a College is convinced that grounds for dismissal of an employee do exist, the Dean shall give written notice of this to the President with a full statement of reasons.
- 31.5.2 If, after consultation with the Dean, the President considers the case warrants further action, the President shall forward to the employee concerned, and to the Association, copies of the Dean's recommendation and appoint a time to discuss the matter.
- 31.5.3 The President shall then hold discussions with the employee, together with the Dean and a representative of the Association, to consider all circumstances pertinent to the matter.
- 31.5.4 The President shall, within a reasonable time thereafter but not exceeding 30 days, notify the employee, in writing, either that the matter will not proceed further or that it is the President's intention to make a recommendation to the Board that the employee be dismissed. The notification to the employee shall include a full statement of the reasons for dismissal. In no case shall the effective date of dismissal be less than three months from the date of the President's notification.
- 31.5.5 If the Association in its own right or on behalf of an employee wishes to contest the President's recommendation, it shall so advise the President, in writing, within fourteen days of the receipt of the President's letter and request the establishment of an Arbitration Committee to hear and determine the matter. In default of such request, the Board may proceed to deal with the recommendation. The Association and the Arbitration Committee shall, in accordance with the provisions of Articles 10 and 12, have access to all information and documents in the possession of the Employer that may be relevant to the case.
- 31.5.6 The Arbitration Committee shall determine whether or not the grounds for the recommendation for dismissal are established and, if established, whether or not they constitute good and sufficient cause

for dismissal, and shall determine also such other matters as the President and the Association, on behalf of the employee, may agree, in writing, to submit to the Arbitration Committee.

- 31.5.7 The Arbitration Committee shall consist of three persons, one to be nominated by the Employer, one to be nominated by the Association, and a third member, who shall be chair, selected from a panel of five candidates appointed for this purpose by joint agreement between the Employer and the Association. These individuals shall be persons of unquestioned integrity and independence from outside the University. Each party shall have ten days from the date of the formal written request for arbitration to name its member on the Arbitration Committee and the two parties shall have a further four days to agree upon a chair. If agreement cannot be reached upon the selection of a chair from the panel of names, the appointment shall be made from the panel by random selection.

 - 31.5.10.6 Shall cause the proceedings to be audio recorded, such record to be kept for Arbitration Committee purposes, and until all appeals are concluded.
 - 31.5.10.7 Shall have the power to substitute a more appropriate disciplinary action.
 - 31.5.10.8 Shall have the right to examine any documents which it considers relevant to the grievance in question.

- 31.5.12 The decision of the Arbitration Committee shall be by majority vote and shall be final and binding upon the Employer and employee. Should there not be a majority decision, the decision of the Chair shall prevail.
- 31.5.13 When the Arbitration Committee has reached its decision, it shall immediately notify, by registered mail, both the President and the Association, on behalf of the employee, of its decision. If the decision is that the employee stand dismissed for cause, then the President, upon authority of the Board, shall notify the employee by registered mail to the employee's home address of the effective date of dismissal, which in no case shall be earlier than the date on which the committee handed down its decision or the date specified in Article 31.5.4.

Dated July 30, 2014

**MEMORANDUM OF AGREEMENT NO. 5
FULL-TIME ACADEMIC POSITIONS FUNDED FROM SOURCES
OTHER THAN THE UNIVERSITY OPERATING BUDGET**

1. Preamble

The University of Saskatchewan ("the Employer") and the University of Saskatchewan Faculty Association ("USFA") agree that this Memorandum of Agreement (MOA) is to govern the integration of former full-time, out-of-scope academic positions into the Collective Bargaining Agreement as a result of the Saskatchewan Labour Relations Board decision dated November 20, 2008 providing that all full-time academic employees of the University of Saskatchewan are members of the bargaining unit represented by the USFA.

The Employer agrees that when establishing academic positions funded from sources other than the University operating budget that the terms and conditions of the 2007-2009 Collective Agreement between the USFA and the Employer, as amended from time to time, shall apply in its entirety to such appointments except for the modifications noted in this MOA or as may be further agreed between the parties.

2. Modified Terms and Conditions Defined

For the purpose of interpreting this MOA, the following terms and conditions are defined:

- a) Continuing Status means the appointment of an employee to a full-time continuing position on probation or with continuing status that is supported by and dependent upon funds provided by a third party under a contract, grant or master funding agreement signed between the Employer and the third party. Such appointment shall continue subject only to the provisions relating to renewal of probation (Article 14), tenure (Article 15), resignation (Article 23), retirement (Article 24), discipline (Article 31), and notice as provided for under Section 2 b) of this MOA. Whenever the term "tenure" is used in the Collective Agreement, it shall be replaced by the words "continuing status" for those employees appointed to a fulltime continuing status position funded by a third party
- b) Notice of Termination of Continuing Status where Article 29 Does Not Apply. In the event that the third party funding agreement is terminated or the funding for the appointment is eliminated, the employee shall be given a minimum of six months written notice of termination of the appointment and an additional one month's notice for every year of service greater than six years, up to a combined maximum of 24 month's notice. At the Employer's discretion, notice may be given as working notice or salary in lieu of notice. An employee who has been given working notice may elect salary in lieu of notice. An employee working through the notice period is eligible to be considered for other faculty appointments and if recommended for appointment may transfer in accordance with the provisions of Article 28. Normally, any employee who accepts salary in lieu of notice may not hold another appointment to the University until the end of the notice period.
- c) Special Increases. Articles 17 and 18 shall apply. The awards for special increases for faculty members funded from sources other than the University operating budget will be included in the allocations specified in Article 18.2.4.2 but shall be paid from the same source of funds as their salary.
- d) Article 11, Assignment of Duties. Specific terms and conditions with respect to teaching, research or other duties that apply to a position funded from sources outside the operating budget shall be taken into account in determining the employee's assignment of duties.
- e) Article 22, Benefits. The provisions of Article 22 shall apply. Effective on the first day of the month following the date of signing of this MOA, employees currently enrolled in the 1999 Academic Pension Plan (Defined Benefit Plan) shall remain in the plan. All other eligible employees shall be enrolled in the 2000 Academic Money Purchase Pension Plan.
